Power Panel

This Power panel has all of the features of the standard unit plus the ability to connect between 2 devices (“inline”). Inline connections allow passing PoE power to the device and displays power draw (in watts).

- Network devices: Indicates advertised speed, duplex, & pairs, Phone: Indicates voltage amplitude & pairs used, PoE: Indicates voltage amplitude (discovery & full), pairs used (end or mid span) & watts (when connected inline)
- Force link button: Sends link pulses to prompt communication from network devices. Test PoE button: Simulates a VoIP phone or camera and prompts PoE power
- Detect DSL tone (DSL model only): Indicates presence of DSL digital tone
- Connect “Inline” (Inline model only): Connect between 2 devices and pass through PoE power to the device allowing you to monitor an active system Measure power draw of the PoE device (in watts)
- Locate wire using tone (Tone Star model only) Detect tone placed on the wires by the Power Panel main unit.

Power Panel DVM Models to choose from:

- Standard unit (POE1000): Packed with features for sesing what is on a Cat5/6 cable (switches, phones, PoE power) plus interacts with these devices.
- DSL Unit (POE1000DSL) All of the features of teh standard unti plus the ability to sense DSL tones.
- Inline unit (POE1000IL) The most popular Power Panel Cat5/6 DVM model has all the features of the standard unit plus the ability to connect between 2 devices (“inline”). Inline allow passing PoE power to the device... monitoring the device while it is ON. Plus the inline Power Panel measures & displays power draw (in watts).
- Tone Star Unit POE1000ILT: All the features of the inline unit plus we add our full features, filter probe. The probe is used as a wire locator to audibly trace the tone placed on teh wires by the power panel main unit. It features a tone button, volume control, ultrabright LED lighted tip, and 2 status LEDs: One to visually identify the tone and the other to warn you that there is 60hz present in teh area. The probe is filtered to minize fluorescent hum

Product Includes:

- Power Panel CAT5/6 DVM
- 9V Battery
- Illustrated Users Manual
- Warranty: 1 Year parts and labor
- Made in the U.S.A

POE1000	Power Panel DVM Standard Model (Single Jack)	**$115.00**
POE1000DSL	Power Panel DVM Standard Model with DSL Sensing (Single Jack)	**$170.00**
POE1000IL	Power Panel DVM inline, Power Sensing (Double Jack)	**$130.00**
POE1000ILT	Power Panel DVM Tone Start, POE1000ILwith lighted probe	**$165.00**

Real World Cerrtifier

Performance, Certify, and Troubleshoot LAN Hardware and Cabling (10MB, 100MB, Gigabit)

The RWC100 takes you far beyond typical LAN and Cable testing. Now you can perform all of your standard cable tests plus “Type” your cable (CAT 3, 5, 5E, 6) and perform real speed tests on cables, switches, hubs, and PCs. With results displayed on easy-to-read graphs! Plus, store the test for later printing.

- Speed Tests (10MB, 1000MB, Gigabit):
- Real world Cert Level 1 (Projected)
- Real World Cert Level 2 (Confirmed)
- Cable typing (CAT 3, 5, 5E, 6)
- Displays Port speed, duplex, data level of all pairs
- Inline Port Mode (negotiated results)
- Port beacon (locate port)
- Cable Length (real 1 nanosecond TDR)
- Opens, shorts, split pairs, splits distance
- Next, Next, (far), Skew, Propagation delay
- Attenuation, Hot Splits
- Multi-pair Toner/Probe
- Stores 250 tests for later printing

Benefits:

- Certify & troubleshoot all LAN hardware & cabling.
- Compatible with all 10MB, 100MB, & Gigabit Networks!
- Test existing cables for higher speed compatibility
- Spot faulty wiring closet jumpers from your wall outlet
- Detect worn connectors and faulty terminations.
- Identify excessively noisy cables
- Decode 10/100/GIG PCs, switches & hubs
- Go between 2 LAN devices & identify the speed
- Test 10/100/Gigabit PCs, switches & hubs for signal
- Perform your own inspection on new devices and cables
- Identify network bottlenecks caused by slow links
- Print “Receipt” to document test results

Product Includes:

- RWC1000 Main Unit
- RWC1000 Remote Unit
- Cat5e Patch Cables (2)
- Protective Case (Zippered)
- Documentation Tablet
- “Passed” Stickers (64)
- 9V Battery (2)
- Instructional DVD
- Illustrated Users Manual
- Warranty: 1 year parts and labor
- Made in the U.S.A

RWC1000K	Real World Certifier	**$430.00**

LanXPLORER PRO

LanXPLORER PRO is an outstanding In-Line Active and Passive network tester from IDEAL INDUSTRIES, INC. It offers unsurpassed test capability for Local Area Network management with state-of-the-art touchscreen interface and large clear color display. LanXPLORER PRO is a high quality, powerful, convenient and easy to use tester unrivalled by any other product available today.

With full In-Line and Endpoint test capabilities, LanXPLORER PRO tests not only copper cables but also active LAN connections over copper and fiber links. In addition, it liberates the user from cables by allowing most tests to be conducted through a wireless connection offering unparalleled flexibility. With such comprehensive test capability and ease of use, LanXPLORER PRO is the perfect tool to meet the needs of IT installers & systems administrators in any enterprise, campus or industrial Ethernet environment.

Lanxplorer Pro Key Features

- Troubleshoot passive cabling and active networks
- Touch-n-test user interface
- Copper, fiber and Wi-Fi testing
- Peak, instant, 30-second, & continuous bandwidth monitoring
- PoE and PoE+ endpoint and in-line testing with load simulation
- Device discovery and top-talker identification

A quick glance at the Lanxplorer Pro

- Network Tests over Copper & Fiber
- Identification of active devices with Network Discovery function
- Comparison of active network devices against historical data with Network Verify
- DHCP client, Ping and Traceroute tests with VLAN support
- Full bandwidth Layer 1,2,and 3 Loopback device
- Diagnostic statistics including Top Ten talkers, protocols, error generators and packet size distribution

Copper Features

- Best-in-class Wiremapper - tests cables by pin as well as by pair with split pair detection and length measurement
- Wire tracing function in combination with an Amplifier Probe
- Detection of PoE and PoE+, with voltage, current and power measurements in endpoint and In-Line modes
- Hub blink test with color-switching on supported devices
- 10/100/1000 BASE-T support
- Network monitoring with In-Line tests and PC diagnostics function

Optical Fiber Features

- Singlemode and Multimode SFP options
- 1000 BASE-SX, LX and ZX support
- Link LED blink for visual tracing
- Monitoring of VoIP calls and quality, including RTP Jitter

Wi-Fi Features

- Identification of active network devices with Network Discovery function
- Comparison of active network devices against historical data with Network Verify
- DHCP client, Ping and Traceroute tests with VLAN support
- 802.11 b,g and n support
- Identification of access points, Service Set Identifiers (SSID), channels in use, signal strength and security settings
- Detection of channel conflicts

Lanxplorer Pro Functions

- Advanced Wiremap and Wire Trace
- PoE / PoE+ testing
- Network Discovery
- Network Verify
- DHCP, Ping, Traceroute, VLAN
- Endpoint LAN Testing over Copper
- LAN Testing over Wi-Fi
- In-Line LAN Testing over Copper with VoIP Monitor, PC Diagnostics & PoE / PoE+
- Loopback Mode
- LAN Testing over Optical Fiber
- Touchscreen
- USB Interface & Internal Memory Internal memory for up to 100 tests in XML format. Job manager for efficient organization of results. Data exportable to PC via USB flash drive.

The LanXPLORER™ redefines 'Simplicity of Use'. Through its state of the art QVGA 3 ½" Colour Touchscreen display, the LanXPLORER™ replaces the complex menu navigation of existing products with a revolutionary Touch 'n' Test system. Testing with LanXPLORER is simple and fast. Results are easy to interpret through its high resolution graphic display.

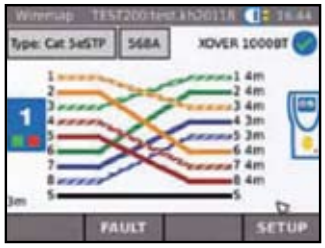
Touch 'n' Test

Touchscreen menu navigation allows tests to be completed within three steps

Virtual Keyboard

Virtual Keyboard allows easier and much faster data input

High Definition



Crystal clear graphical interpretation of results like Wiremap through large 3 ½" QVGA color display

33-942P LanXPLORER PRO - Premium Package: **$3195.00**

Package Includes Touch Screen, Dual RJ-45 ports, Wi-Fi, single SFP: Includes soft carrying case, 2 RJ-45 STP patch cords, 1 smart remote, printed quick reference guide, manual on CD, rechargeable battery pack, AC power supply, inductive cable tracing probe

Options and Accessories

33-940-BP	LanXPLORER, NiMH Battery Pack	**$95.00**
33-940-R1	LanXPLORER Active Remote #1	**$40.00**
33-940-R12	LanXPLORER Active Remote #2-12	**$425.00**
33-940-RJ45	LanXPLORER RJ45 Tool & 10 Inserts	**$145.00**
33-940-PS	LanXPLORER Power Supply, 2.5A	**$91.00**
SFP-850-1	LanXPLORER 1000Base-SX Fiber Option	**$155.00**
SFP-1310-1	LanXPLORER 1000Base-LX Fiber Option	**$395.00**
SFP-1550-1	LanXPLORER 1000Base-ZX Fiber Option	**$755.00**

VDV PRO

The VDV PRO Cable Tester is a cable testing and verification device that can test all wiring requirements throughout today's residential and commercial environments.

- Network link LED blink for visual cable tracing
- Voice testing capability detects RJ-11 (1, 2, or 3 pair)
- Voice test also shows Normal or Reverse for pins 1 through 6
- Length measurement is shown during initial test results for convenience and time savings
- Eight remotes have RJ-45, RJ-11 and Coax F-jacks for increased testing capabilities
- Tests for shield continuity, shorts, opens, miswires, reversals and split pairs with remote connected
- Full dot-matrix LCD display for user convenience to read display results
- One-ended testing for shorts, opens and split pairs (no remote needed)
- Test results displayed in wire map format with message line for shorts and split pairs
- Will display wire map for 10Base-T and Token Ring with remote connected
- UTP, STP, and Coax length measurement in feet or meters using cable capacitance method
- Coax mapping with up to eight color coded coax remotes.
- Tone generator mode sends four different tones on all conductors, selected pair or selected pin
- Auto-off in any mode and low power consumption for long battery life
- Identifies presence of voltage on cables

33-770	VDV PRO w/one remote and terminator	**$240.00**
33-771	VDV PRO w/eight remotes and terminators	**$330.00**
33-774	VDV PRO Eight Remote Kit (ID 1-8)	**$125.00**
33-780	VDV Pro w/one remote and probe	**$275.00**
33-775	Eight Coax Terminator Kit	**$36.95**

VDV MultiMedia Cable Tester

The VDV MultiMedia Cable Tester is an easy-to-use cable testing and verification device that can quickly test all wiring requirements found throughout today's residential and commercial environments.

The VDV MultiMedia Tester makes it a snap to quickly verify wiring integrity and assure proper terminations for diverse types of networks.

Voice – tests 3-pair USOC and 6-position RJ11/12 jacks for voice cable testing
Data – tests both shielded and unshielded cable testing to T568A/B (RJ45)
Video – tests coax cable for opens and shorts with F-Connector interface

- Comprehensive testing for Voice, Data and Video applications.
- Designed for testing in residential and commercial environments.
- Supports RJ11/12, RJ45, and coax F-Connector cabling and interfaces.
- Easy-to-read LCD display with PASS/Miswire indicators, wiremap display and troubleshooting modes.
- Multi-tone support for cable tracing and fault isolation.
- Convenient internal storage for remote.
- Capacity to support additional remotes

33-856	VDV Multimedia Cable Tester Kit	**$105.95**

IENet™ PRO

The tester features a unique easy-to-use cable test for 2 pair and 4 pair Industrial Ethernet cabling. With shielded 2 pair, M12 and RJ-45 ports, the IENet™ PRO is compatible with most Industrial Ethernet cabling. Test results are displayed in the PROFINET® Industrial Ethernet required format.

- Simple selection between Voice, 2 & 4 pair Data, & Coax testing functions (Voice & Video/Security tests via adapters)
- Tests for opens, shorts, miswires, reversals, split pair (user selectable) and length
- Indicates correct wiremap to T568A/B standards for shielded and unshielded cabling
- Easy-to-read LCD display with "PASS" or "Miswire" indicator for each test
- Identifies presence of voltages on cables
- Tone generator supports four different tones making fault isolation easier
- Integrated remote unit to make storage and carrying easier
- Can support additional optional remotes making it efficient for one person testing
- Network LED blink for visual cable tracing
- Numerical indication for UTP "No Shield" and STP - "Shield" to comply with industrial ethernet PROFINET® requirements

33-772	IENet™ PRO w/single remote	**$325.00**
33-773	IENet™ Pro w/eight remotes	**$510.00**
33-775	Eight Coax Terminator Kit	**$36.95**
33-776	IENet™ Pro Eight Remote Kit (ID 1-8)	**$268.00**

PC Cable-Check Pro

This new universal tester maps cables, detects good connections, opens, shorts or crosses. It works with over 20 types of cables including: LAN & telephone, Serial, coaxial, USB, VGA, Mini-USB, S-video, FireWire, PS/2 keyboard & parallel printer.

Paladin Tools

- Auto scan or manual scan modes
- Rubber feet to grip to desk to prevent slipping
- Power shuts off after 30 seconds of non-use
- Rugged case now with built-in handle for transport
- 9V battery included
- Tests cables with the following terminations:
- Modular plugs: RJ45, RJ11, RJ12 UTP/STP
- Coaxial: BNCs & CATV "F" (BNC-to-F adapter required; not included)
- D-sub: 9-, 15- & 25-pin
- HD-sub: 15-pin
- USB: A, B, & mini 5-pin
- 1394 FireWire: 4- & 6-pin
- Centronics: 36-pin printer

1577 PC Cable-Check Pro **$154.85**

LAN ProNavigator Tester & Kit

If you're a technician on the go, you need the LAN ProNavigator™ from Paladin Tools! Two-piece tester includes main unit and remote with test results at both ends.

- One-button, simple testing (PASS/FAIL or fault find)
- Traces wires with tone & remote lights
- Quick fault analysis on coax & data cables
- CAT-5, CAT-5e or CAT-6 (UTP/STP) cable testing
- Detects opens, shorts, crossed wires & split pairs
- Compact & lightweight, comfortable to hold
- Test status lights at both ends (Main unit & remote)
- Designed & manufactured in the USA

1543 includes: Test set (main & remote), 2 RJ45 patch cords, 2 belt clips

901066 includes: Test set (main & remote), 2 RJ45 patch cords, 2 BNC coaxial cables, 2 CATV "F"to BNC adapters, 1BNC/BNC adapter, 1 dhielded RJ45 coupler, 2 belt clips in durable case

1543 LAN ProNavigator Tester **$89.00**
901066 LAN ProNavigator Test Set Kit **$134.75**

Data/Link ID and Cable Check

This tester maps UTP, STP, and flat satin cables with RJ45 terminations to identify good connections, opens, shorts, and crosses and the unit also identifies network activity and transmission speeds.

- Cable mapping function tests data & phone connection schemes including patch cords & installed cables
- Identifies cross-over telephone connections
- Detects PC (NIC) & HUB data transmissions and PC (NIC) & HUB NLP or FLP link pulse
- Identifies data & link transmission speeds with real time detections: 100 MB or 10 MB
- Automatically scans with choice of slow or fast speeds
- Low battery detection on LAN ID tester
- One-year warranty

Kit Includes: (2) RJ45 patch cords, 9V battery included, A durable nylon carrying case with belt loop

1576 Data/Link ID and Cable Check **$58.00**

LAN Cable-Check

Test continuity of RJ45 data and telephone connection schemes on patch cords or on installed cable runs to identify: good connections, opens, shorts and cross-connections.

- Identifies cross-over telephone connections
- Automatically scans when cables are connected and unit turned on
- Two scan speeds: fast or slow
- Map connector and cable pin-out
- Tests cable up to 1,650 feet or 500 m
- Also tests R11 connections using an RJ11 adapter (Not Included)
- One-year warranty

Kit includes: (2) RJ45 patch cords, 9V battery included, A durable nylon carrying case with belt loop

1574 LAN Cable-Check **$28.35**

Tone & Probe Plus Cable Check

The tester also provides full-range continuity testing, line condition, signal tracing & wire identification with tone generator and tone probe cable tracer capabilities.

Paladin Tools

RJ45 LAN Tester identifies
- Good Connection, Opens, Shorts and Crosses
- Connector and Cable Pin-Out
- Clear LED Display for Each Pin and Shield
- Shielded RJ45 Modular Plug Socket
- Display of mapping w/dual speeds slow or fast
- Tests RJ11 and RJ45 Cables with Runs up to 600'

Telephone Test Set and Tone Probe Cable Tracer
- View telephone line status: Dial tone, ringing or busy
- Provides talk power for telephone lines and butt set use
- Selectable Dual/Single Tone Application for Circuits
- Four Tone Generator Patterns
- Test Continuity of Wires, Cables and Loads
- Tone Generator Features Auto-Off Function
- Located Patch and Termination Point of Wire

Kit Includes: Main & Remote Units, (2) 9v Batteries, (2) RJ45 Shielded Patch Cords, RJ11 & Alligator Clip Cord, RJ11 Patch Cord, Durable, Nylon Carrying Case

1573 Tone & Probe Plus Cable Check **$77.75**

Fox 2 & Hound 3 Probe Kit

- Fox 2 deluxe Tone Generator
- Hound 3 Probe Inductive Tracer
- Cordura Carrying Case

TRIPLETT

Note: The Fox and Hound series is not intended for use on powered wire or cables. All wire or cables must be non-powered, non-grounded and non-connected

3399 Fox 2 & Hound 3 Probe Kit **$103.55**

ProTone Wire Locator

The Famous probe sold with 1000s of our Real World Certifiers is included in this ProTone Kit

ByteBrothers

- Loud tone with filtering technology locates wires quickly
- Ultra bright LED on tip to see dark cables
- Volume control and tone LED for controlled operation
- Insulated Tip and "60HZ present" warning LED for safety
- RJ11, RJ45 and insulated Alligator clips for connection
- Powerful extra tests: voltage, polarity and continuity
- Pouch and 9V batteries included

Product Includes:
- Main Unit
- Remote Probe Unit
- Batteries
- 2 RJ45 to RJ45 Jumpers
- Product Manual
- Protective

CTX590 ProTone Wire Locator **$69.95**

TRACETone™ Tone Generator & Amplifier Probe

- Test continuity and located signal of installed wire and cable.
- 2 selectable tone styles
- Tone Generator and Amplifier Probe fit together for easy storage.
- RJ-11 Alligator clip & cable assembly included.

62-140 TRACETone™ Tone Generator & Amplifier Probe **$43.55**

Tone Generator and Amplifier Probe Kit

IDEAL

Cable tracing kit with advanced new features to give a complete signal tracing solution.

- Tone Generator #62-160.
- Amplifier Probe #62-164.
- Soft black nylon carrying case.
- Cable assemblies and flat tip.

33-864 Tone generator and amplifier probe kit **$98.75**

Tone and Probe Kits

GREENLEE

Greenlee is proud to introduce fully upgraded versions of its industry standard tone and probe tracing kits. These kits offer superior tracing for low voltage applications such as telephone, data, and security alarm wiring. Essential for the internal wiring technician, the tone and probe kits provide the ability to check voltage on wire pairs as well as generate a tagging tone, which is then picked up by the tracing probe.

Featuring overall improved internal circuitry in both the amplifier and the tone generator, all of the new tone and probe kits promise to provide an enhanced customer experience for tracing and identifying single conductors or cables within bundles, either at midpoint or at remote ends.

The 601K-G Basic Tracing Kit features volume control and external warble-select. The 701K-G Professional Tone & Probe Tracing Kit takes the functionality a step further, featuring an LED headlight, headset jack, Short circuit beeper and external warble-select. Finally, the 701K-G/6A Professional Tone and Probe Tracing Kit has all the features of the 701K-G but incorporates upgraded Telco-Grade angled-bed-of-nails clips for those larger jobs. Best of all, each tone and probe kit in this new series is backed by a one year warranty.

601K-G features: Tone Probe: 200B-G with adjustable volume control, and replaceable tip. Tone Generator: 77M-G with continuity & polarity LED, external warble select, short circuit LED/beeper: LED, Single/dual line modular: LED, and alligator/ABN connector clips: Alligator

701K-G features: Tone Probe: 200EP-G with adjustable volume control, replaceable tip, LED signal indicator, test telephone port, headset jack, and LED flashlight. Tone Generator: 77HP-G with continuity & polarity LED, external warble select, RJ11 & RJ45 socket, lanyard, short circuit LED/beeper LED, single/dual line modular LED: Dual, and alligator/ABN connector clips: Alligator

701K-G/6A features: Tone Probe 200EP-G with adjustable volume control, replaceable tip, LED signal indicator, test telephone port, headset jack, and LED flashlight. Tone Generator: 77HP-G/6A with continuity & Polarity LED, external warble select, RJ11 & RJ45 socket, lanyard, short circuit LED/beeper LED, single/dual line modular LED: Dual, and alligator/ABN connector clips: ABN

Pro 3000 Tone and Probe Kit

FLUKE networks

The Pro3000 Tone & Probe Kit is the innovative analog tone and probe from Fluke Networks. It's your best choice for toning and tracing bare wire on non-active networks. Easily identify individual pairs with its patented SmartTone™ technology (the five different tones for exact pair identification). Angled-bed-of-nails clips allow easy access to individual wires, and the RJ11 connector is ideal for use on telephone jacks. The large powerful speaker on the probe allows you to hear through drywall, wood or other enclosures to find wires quickly and easily. You can send tone up to ten miles on most cables. Attach the nylon pouch to your belt, and you will be equipped for any wire identification job.

26000-900	Pro 3000 Tone and Probe Kit	**$82.00**

IntelliTone™ Pro Toner & Probe

The IntelliTone™ Toner and Probe Series from Fluke Networks gives you a digital signal locating technology that's as advanced as the systems you work with. IntelliTone's breakthrough solution and the only solution that locates and isolates hidden or bundled voice, data and video cables quickly and reliably, even on active networks. With dramatic gains in speed, precision and productivity that make analog tools obsolete.

Tracker II

- Traces the path and determines the depth of wires and metallic pipes on active or dead systems without having to deactivate the system.
- Lightweight receiver provides audible and visual indications of signal strength.
- Transmitter output and receiver sensitivity are fully adjustable for maximum accuracy.
- Transmitter offers three methods of connection: direct, inductive coupler, and inductive antenna.
- Includes transmitter assembly, receiver assembly, inductive coupler (clamp), built-in inductive antenna, two 8 ft. (2.4 m) test leads with heavy-duty alligator clips and durable polyethylene case.
- High frequency transmitter provides range up to 4,000 ft. (1,219 m) and depths up to 7 ft. (2 m).
- Receiver is 32 in. long (813 mm).
- Battery operated (eight AA and one 9V battery are included).
- 1 year limited warranty.

501	Tracker II	**$690.00**

Wire Finder/Mini Locator

For technicians who occasionally need to locate buried or in-wall wiring but don't require all the bells and whistles of a high priced cable locator. Compact design doesn't take up valuable truck space while easy to understand operations help avoid constantly referring to manuals. The 508S Wire Finder provides reliable results on buried cables to depths of 3 feet and lengths up to 1000 feet. The unit can even be used to determine the approximate depth of a wire or cable before you dig. Fully adjustable transmitter output and receiver gain improve system performance and locating accuracy.

- Determines the approximate depth of a wire before digging begins
- Transmitter and receiver are fully-adjustable for accurate locating
- Reliable results on buried cables to depths of 3' and lengths up to 1000'
- Quick-change test leads for use in any industry, even international power outlets
- Voltage protection allows use on live AC circuits
- Automatic shutoff prevents accidental battery discharge

508S	Wire Finder/Mini Locator	**$280.00**

Pulser Fault Locator

Pulser Fault Locator completes your buried cable trouble-shooting tool set, pinpointing the smallest breaks in buried cable insulation. The transmitter pulses a high-voltage signal that radiates into the earth at fault locations. With the A-frame mounted receiver, a visual analog meter points the way to the source of the voltage & identifies faults on a single wire, showing the need to replace instead of repair. Complete with a rechargeable transmitter, receiver, A-frame, ground stake, 120VAC charger, 12 volt DC cigarette lighter adapter & operating instructions. Extra long test leads feature heavy duty alligator clips for use on multiple cable types.

- Portable Transmitter "Pulses" a High Voltage Signal into the Earth at the Location of the Faults.
- With the A-frame Mounted Receiver, a Visual Analog Meter Points the Way to the Source of the Voltage.
- Multiple Faults on a Single Wire can be Identified Indicating the Need to Replace Instead of Repairing.
- Extra Long Test Leads Feature Heavy-Duty Alligator Clips for Use on Multiple Cable Types.
- Includes a Rechargeable Transmitter, Receiver, A-Frame, Ground Stake, 120V AC Charger, 12 Volt DC (Cigarette Lighter) Adapter, and Complete Operating Instructions.
- Battery-Operated (1) 12V and (1) 9V Included.
- 1-Year Warranty

PE2003	Pulser Fault Locator	**$1110.00**

Modular Adapters

The Banjo Modular Adapters are designed to permit testing on working lines, and allow circuit access without disrupting service.

- Sturdy copper contacts are angled to prevent alligator clips from falling off during testing.
- Small holes in each contact allow insertion of test probes.
- All circuits are clearly marked on sides and bottom of the Banjo adapters.
- Banjo Modular Adapters available with 4, 6,and 8 wire (RJ11, RJ45)
- Banjo Modular Adapters available with numbered contacts and no interruption of service design
- High impact plastic design; outside plant resistant Banjo Modular Adapter allows for replace-able line cords
- The Banjo adapter is available in four, six, or eight wire configuration for voice and data applications.
- Heavy duty, molded-in clip for attaching to shirt pocket or tool pouch.

10210-100	4-Wire Banjo Adapter (in-line)	**$22.00**
10220-100	6 Wire Banjo Adapter (in-line)	**$24.00**
10230-100	8 Wire Banjo Adapter (in-line)	**$28.00**
10210-101	4 Wire Banjo Adapter w/K-plug (in-line)	**$26.00**
10220-101	6 Wire Banjo Adapter w/K-plug (in-line)	**$28.00**
10230-101	8 Wire Banjo Adapter w/K-plug (in-line)	**$33.00**

52801RJ9	TS52PRO Test Set w/angled bed-of-nails cord w/piercing pin & RJ11 plug	**$414.00**
50801001	TS44 PRO Test Set with piercing pin only	**$384.00**
50801009	TS44 PRO Test Set with angled bed-of-nails & piercing pin	**$384.00**
50801RJ9	TS44 PRO Test Set with angled bed-of-nails & RJ11 plug	**$384.00**
42801-009	TS42DLX Test Set with angled bed-of-nails	**$309.00**
42801-001	TS42DLX Test Set with piercing pin clips	**$285.00**

30800-009	TS30 Test Set with angled bed-of-nails clips	**$228.00**
25501-109	TS25D Test Set with angled bed-of-nails kit	**$237.00**
22801-009	TS22A Test Set with angled bed-of-nails clips	**$324.00**
22801-001	TS22A Test Set with piercing pin clips	**$324.00**
22800-009	TS22 Test Set with angled bed-of-nails clips	**$280.00**
19800-009	TS19 Test Set with angled bed-of-nails clips	**$110.00**
19800-003	TS19 Test Set with banana jacks clips	**$110.00**

Butt Sets

JDSU Paladin Tools GREENLEE

LB110

The Lil' Buttie™ Telephone Test Set is designed for use by datacom, telecom, cable installers and technicians.

LB220

Advanced features of the Lil' Buttie PRO include scrolling recall of stored numbers, full display of caller ID and call waiting data and faults, and amplified speaker.

LB255

The Lil' Buttie Ranger™ Telephone Test Set is an advanced, DSL-safe telephone test set for use by datacom, telecom, and cable installers and repair technicians.

LB300

The Resi-Talker is JDSU's most economical test set for basic telephone system work. Identify POTS dial tone with most economical butt set.

1780

Portable handset for installers, repair technicians and other authorized personnel to use for line testing and temporary communications.

PE961

Features our DigAlert over-voltage alarm & lock-out to eliminate damaging digital service lines. Provides full ADSL compatibility.

PE830

This Telephone Test Set will help you deal with the increasing complexity of telecom installation and maintenance

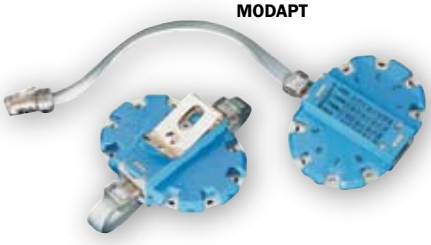
LB110	Lil' Buttie with piercing clip set	**$115.00**
LB220	Lil' Buttie Pro with bed-of-nails clips	**$152.55**
LB220-BT	Lil' Buttie Pro with bed-of-nails clips & protective boot	**$159.98**
LB230	Lil' Buttie Pro with bed-of-nails clips & AT&T clip	**$156.00**
LB255	Ranger with ADLI, bed-of-nails cord set, & pouch	**$229.80**
LB255-BT	Ranger with ADLI, bed-of-nails cord set, & protective boot	**$236.00**
LB300	Resi-Talker with alligator clips cord set	**$85.05**

1780	Paladin Tools Butt Set	**$110.00**
PE961	Test set with two-way hands free & DigAlert™	**$320.00**
PE830	Tele-Mate Pro telephone test set	**$178.00**

Modular Adapter

SIEMON

MODAPT



This modular adapter allows in-line testing for any plug/jack combination. It includes two 4-pair jacks plus a 152mm (6 in.) modular cord terminated with our patented 4-pair "universal" plug for accessing any standard 6- or 8-position jack. Individual conductors are broken out by pin number and correspond to eight separate test pads. Test equipment can be securely attached to the test pads using alligator clips. For quick reference in the field, USOC, T568A, and T568B wiring charts are printed right onto the MODAPT body. When used with Siemon's TESTAR® adapter and S110® test adapter, the MODAPT can be used to test connections on S66M and S110 blocks.

MODAPT	Siemon modular adapter	**$20.85**

Tone & Probe Kits

Tempo

601K

For professionals who need wire identification tools without the extra cost, the 601K kit is the answer.

801K

When it comes to wire identification kits, the 801K premium tone and probe kit is top of the line!

601K	Basic Tone and Probe Kit	**$102.10**
801K	Premium Tone and Probe Kit	**$169.00**

601K Kit Tone Generators and Probes Also Sold Separately

77M	Tone Generator	$31.85
200B	Inductive Amplifier	$68.60

801K Kit Tone Generators and Probes Also Sold Separately

77HP/6A	Tone Generator	$38.85
200FP	Multi-Filter Tone Probe	$115.00

Fluke 27 II & Fluke 28 II Rugged IP 67 Industrial Multimeters

General Specifications:

Bar graph/backlight	Yes/Yes
Peak transient capture	250µS (28 II)
Min/Max/Avg	Yes
Reading hold	Yes
Relative readings (zero)	Yes
Safety rating	CAT IV 600 V/CAT II 1000V
External protection	Rubber Holster
Drop test	10 feet drop test
Dustproof/waterproof	Yes, IP 67 rated
Warranty	Limited lifetime
Size & weight (HxWxL) w/holster	2.5in x 3.93in x 7.8in, 1.54lbs

Accuracy Specifications		27II	28II
DC voltage	Max resolution	0.1 mV to 1000V	
	Accuracy	0.1 % + 1	0.05 % + 1
AC voltage	Max resolution	0.1 mV to 1000V	
	Accuracy	0.5% + 3	0.7% + 4
DC current	Max resolution	0.1µA to 10A	
	Accuracy	0.2% + 4	0.2% + 4
AC current	Max resolution	0.1µ to 10A	
	Accuracy	1.5% + 2	1.0% + 2
Resistance	Max resolution	0.1Ω to 10A	
Count		6000	6000/19,999
Capacitance		1 nF to 9999µF	
Frequency		0.5Hz to 199.99 kHz	
Temperature		-	-200°C - 1090°C
Low pass filter (measurement on VSD's)		-	Yes
Compliance		CAT IV 600 V, CAT III 1000V	
IP rating		IP67	
Power		Three AA batteries	
Battery life		800 Hours	

27 II 27 II Rugged IP 67 Average Responding Multimeter **$441.95**
28 II 28 II Rugged IP 67 True-rms Multimeter **$451.95**

77-IV Digital Multimeter

The 77-IV Digital Multimeter has the features needed to repair most electrical and electronic problems. This meter is simple to use and has significant improvements over Fluke's original 70 Series with more measurement functions and conformance to the latest safety standard.

- Wide 1000V measurement range
- Average responding ac measurements
- 0.3% accuracy
- 10 Amps continuous
- Frequency and capacitance
- Resistance and continuity

Functions	Range best	Accuracy	Best resolution
V DC	600.0 mV to 1000V	± (0.3% + 1)	0.1 mV
V AC	6.000 V to 1000 V	± (2.0% + 2)	1.0 mV
A DC	60.00 mA to 10 A	± (1.5% +2)	0.01 mA
A AC	60.00 mA to 10 A	± (2.5% + 2)	0.01 mA
Resistance	600.0 Ω to 50 MΩ	± (0.5% + 1)	0.1 Ω
Capacitance	1 nF to 9,999 µF	± (1.2% + 2)	1 nF
Frequency	99.99 Hz to 99.99 kHz	± (0.1% + 1)	0.01 Hz

77-IV 77-IV Digital Multimeter **$269.95**

87-5 Industrial Multimeter

The Fluke 87-5 has measurement functions, troubleshooting features, resolution and accuracy to solve more problems on motor drives, in-plant automation, power distribution and electo-mechanical equipment.

- True-RMs
- Touch hold
- Fused current inputs
- Continuity
- MIN/MAX mode
- Peak MIN/MAX - 250 µSec
- Relative mode
- Diode test
- Sleep mode - 30 minutes
- IEC 61010 rating - CATIII-1000V
- Battery access door that enables changing batteries without breaking the calibration seal.

Includes:

- TL75 Test leads
- 9V battery (Installed)
- 80BK temperature probe
- AC72 Alligator clips
- Getting started manual
- Holster
- CD with detailed manual

87-5 87-5 Industrial Multimeter **$399.95**

88V Automotive Multimeter

The Fluke 88V Automotive Multimeter is designed to help automotive professional beat the book. This DMM has more measurement functions, troubleshooting features and accuracy to solve virtually any problems on conventional and hybrid vehicles.

Features:

- 0.1 % dc accuracy
- Current measure up to 10 A, 20 A for up to 30 seconds
- Millisecond pulse width measurements for fuel injectors
- Optional magnetic hanger allows meter to attach to the vehicle and free your hands for other tasks
- Min/Max/Average recording with Min/Max Alert to capture variations automatically
- Peak Min/Max to record transients as fast as 250 µs
- Relative mode to remove test lead resistance from low ohms measurements
- Auto and manual ranging for maximum flexibility
- Autohold™ to capture stable readings with only one touch of the leads
- Analog bargraph to track changing or unstable signals
- Input Alert provides audible warning against wrong use of input jacks
- 10 meg ohm input impedance won't damage computer circuits
- Limited lifetime warranty

88V 88V Automotive Multimeter **$441.95**

114 Digital Multimeter

The new Fluke 114 is the Troubleshooting tool for "go/no-go" testing. it includes a feature to prevent false readings caused by ghost voltage.

- AutoVolt: Automatic ac/dc voltage selection
- LoZ: Helps prevent false readings due to ghost voltage
- Large White LED Backlight to work in poorly lite areas
- Compact ergonomic design for one-handed operation
- Resistance, continuity, frequency, and capacitance
- Min/Max/Average to record signal fluctuations.

Functions	Range and Resolution	Best Accuracy
Volts AC/DC	600 V	0.5% + 2
Resistance	40MΩ	0.9% + 2

114 114 Digital Multimeter **$140.95**

115 Digital Multimeter

Compact true-rms meter for field service technicians. The Fluke 115 is the solution for a wide variety of electrical and electronic testing applications.

- AutoVolt: automatic ac/dc voltage selection
- Large white LED backlight to work in poorly lit areas
- Resistance and continuity
- Min/Max/Average to record signal fluctuations
- CAT III 600 V safety rated
- Safety conformance

Specifications

- Maximum voltage between any terminal and earth ground 600 V
- Surge protection 6 kV peak per IEC 61010-1 600 VCAT III, Pollution Degree 2
- Display Digital: 6,000 counts, updates 4 per second
- Bar graph 33 segments, updates 32 per second
- Operating Temperature -10 °C to + 50 °C
- Storage Temperature -40 °C to + 60 °C

Includes: Holster, Installed 9 V battery, TL75 Test leads User manual

115 115 Digital Multimeter **$167.95**

Test Leads

TL223	SureGrip Electrical Test Lead Set	$59.10
TL220	SureGrip Industrial Test Lead Set	$59.10
TLK225	SureGrip Master Accessory Set	$122.95

116 Digital Multimeter

The Fluke 116 was specifically designed for the HVAC professional. It has everything needed in an HVAC meter including temperature and microamp measurements to quickly troubleshoot problems with HVAC equipment and flame sensors.

- Built in thermometer for HVAC applications
- Microamps to test flame sensors
- Min/Max/Average to record signal fluctuations
- Large white LED backlight to work in poorly lighted areas
- Compact ergonomic design for one-handed operation
- Compatible with optional magnetic hanger

Features:

- Temperature measurements
- Large Backlit digital display
- 3-1/2 Digits
- AutoVolt/LoZ
- Min/Max recording
- 6000 counts
- Analog bargraph
- Display hold
- CAT III 600 V safety rated

Functions	Range and Resolution	Best Accuracy
Volts	600V	0.5% + 2
Current	600.0µA	1.0% + 2
Temperature	+400°C	1.0% + 2
Resistance	40MΩ	0.9% + 2
Capacitance	1 nF to 9,999µF	1.9% + 2
Frequency	5 Hz to 50 kHz	0.1% + 2
Diode	2V	0.9% + 2

116 116 Digital Multimeter **$194.95**

117 Digital Multimeter

Compact True-RMS meter for commercial applications. Fluke 117 is the ideal meter for demanding settings like commercial buildings, hospitals, and schools.

- VoltAlert™ technology for non-contact voltage detection
- AutoVolt automatic ac/dc voltage selection
- Low input impedance: helps prevent false readings due to ghost voltage
- True-rms for accurate measurements on non-linear loads
- Measures 20 A (30 seconds momentary; 10 A continuous)
- Compact ergonomic design for one-handed operation
- Compatible with optional magnetic hanger (ToolPak) for hands free operation
- CAT III 600V safety rated

Specifications:

- Max. voltage between any terminal & earth ground 600V
- Fuse for A input 11 A, 1000 V FAST Fuse
- Bar graph 33 segments, updates 32 per second
- Surge protection 6 kV peak per IEC 61010-1 600 V CAT III
- Display Digital: 6,000 counts, updates 4 per second
- Battery type 9 volt Alkaline, NEDA 1604A/ IEC 6LR61

117 117 Digital Multimeter **$205.95**

170 Series Multimeters

Introducing the 179, 177 and 175 Digital Multimeters - the new generation of DMMs. Want a smarter meter or a tougher one? Buy one of these and you get both. With features like lifetime warranty. 6000 count resolution. 0.09% accuracy 177,179. Min/Max/Average. True-rms, ac voltage and current. They're all CAT IV rated and sport an easy access door. The 177 and 179 have a backlight. The 179 measures temperature. All told, this is one powerhouse line of digital multimeters. They're all super-simple to use and built tougher than a world champion wrestler.

Features:

- Lifetime Warranty
- Display shows improved resolution
- Backlight to illuminate the screen (177 & 179 only)
- Min/Max/Average recording
- Drop protected to 1 meter

Includes:

- 80BK Temperature Probe (179 only)
- Test leads
- Installed 9V battery
- Users manual

175 175 Multimeter **$259.95**
177 177 Multimeter **$269.95**
179 179 Multimeter **$280.95**

233 Remote Display Multimeter

- Removable display gives flexibility.
- Place the display where you can see it and then put the meter where it is convenient - no more juggling of leads.
- True-rms ac voltage and current for accurate measurements on non-linear signals
- Measure up to 1000 V ac and dc
- Measure up to 10 A (20 A for 30 seconds)
- Built in thermometer conveniently allows you to take temperature readings

Accuracy Specifications		
DC voltage	Range	0.1mV to 1000V
	Accuracy	0.25% + 2
AC voltage	Range	0.1mV to 1000V
	Accuracy	1.0% + 3
DC current	Range	0.1mA to 10A
	Accuracy	1.0% + 3
AC current	Range	0.1mA to 10A
	Accuracy	1.5% + 3
Resistance	Range	0.1Ω to 40MΩ
Counts		6000
Capacitance		1000 nF to 9999µF
Frequency		0.1 Hz to 50.00 kHz
Temperature		-40°C to 400°C
Power		AA Batteries: (3) Body, (2) Display
Battery Life		400 Hours
Wireless frequency		2.4 GHz ISM Band, 10 meter range
Safety Rating		CAT IV 600V, CAT III 1000V
General Specifications		
AC True-RMS		Yes
Ranging		Auto/Manual
Backlight		Yes
Min/Max/ Avg		Yes
Battery type		AA Alkaline
Removable Display		Yes
External Protections		Rubber Overmold
Warranty		Three Years
Size (H x W x L)		2.08" x 2.08" x 7.6"
Weight		1.3 lbs

233 233 Remote Display Multimeter **$311.95**

289 Industrial Logging Multimeter w/TrendCapture

The new 289 are the next generation high performance logging Multimeter designed to solve complex problems in electronics, plant automation, power distribution, and electromechanical equipment.

- TrendCapture Graphing Capability to Review Logged Data
- Larger ¼ WGA dot Matrix Display
- More Memory - Extended on-board Logging Capability
- More Information. Multiple Readings per Display
- Low Pass Filter for Motor Drive Measurements
- LoZ Function - Helps Eliminate False Readings due to Ghost Voltage
- New 50 Ω Range with 1mΩ Resolution for Accurate Motor Winding Measurements
- New "i" button - On-board Function help
- PC Interface for Closed-case Calibration and Easy Data Transfer

Features:

Multiple on screen displays	Yes
True-rms ac bandwidth	100 kHz
dBV/dBm	Yes
DC mV resolution	1µV
Megohm range	Up to 500 MΩ
Conductance	50.00 nS
Continuity beeper	Yes
Elapse time clock/time of day clock	Yes
Min-Max-Avg/duty cycle/pulse width	Yes
Isolated optical DMM interface with USB PC connection	Yes
Auto/touch hold	Yes
Over 200 hours logging capacity with new sleep function	Yes
Warranty Limited	Lifetime

289 289 Industrial Logging Multimeter w/ TrendCapture **$576.95**

Fluke Multimeter Accessories

289/FVF Data Login Multimeter and Software Combo Pack

Includes:
- Fluke-289 True-rms industrial logging multimeter.
- FVF-SC2 FlukeView forms software and cable.
- TL71 Silicon test lead set.
- AC72 Alligator clips.
- 80BK-A Integrated DMM temperature probe.
- TPAK Magnetic meter hanger for hands-free operation.
- C280 Soft case for meter protection and accessory storage.

289/FVF Data Login Multimeter and Software Combo Pack **$649.95**

179/EDA2 Electronics Multimeter and Deluxe Accessory Combo Kit

Includes:
- 179 True-rms digital multimeter.
- C35 lightweight soft case.
- TL910 Electronic test probes.
- TL224 SureGrip silicon test leads.
- AC280 SureGrip hook clips.
- 80BK-A Type-K temperature probe.
- ToolPak meter handing accessory to hold meter on steel surfaces.

179/EDA2 Electronics Multimeter and Deluxe Accessory Combo Kit **$316.95**

179/AC-II Electrician's Multimeter and Voltage Tester Combo Kit

Includes:
- 179 True-rms digital multimeter.
- 1AC-II VoltAlert voltage detector.
- C35 lightweight soft case.
- AC220 retractable alligator clips.
- TP220 12mm stainless steel tip.
- TL224 1.5m silicone leads.
- ToolPak meter hanging accessory.
- 80BK-A K-type temperature probe.

179/AC-II Electrician's Multimeter and Voltage Tester Combo Kit **$316.95**

117/322 Electrician's Combo Kit

Includes:
- 117 True-rms digital multimeter.
- C115 Deluxe carrying case.
- 322 Compact clamp meter.
- TL75 Test lead set.
- ToolPak Meter hanging strap.
- Three-year warranty on 117 DMM.
- Two-year warranty on 322 Clamp.
- One-year warranty on accessories.

117/322 Electrician's Combo Kit **$294.95**

116/322 HVAC Combo Kit

Includes:
- Fluke 116 HVAC multimeter.
- Fluke 322 clamp meter.
- TL75 Hard point test lead set.
- Tool pak meter hanger.
- C115 Deluxe carrying case.
- 80PK-11 Velcro pipe clamp.
- 80AK-A Thermocouple adapter.
- 80PK-1 Thermocouple bead probe.

116/322 HVAC Combo Kit **$294.95**

88V/A Automobile Combo Kit

Includes:
- Fluke 88V automotive multimeter.
- TL224 Heat resistant test leads.
- TP220 Removable test probes.
- AC285 Alligator clips.
- TPAK Magnetic hanger.
- 80BK-A Temperature probe.
- RPM80 Inductive pick-up.
- Automotive backprobe pins.
- Insulation piercing probe.
- Packaged in a carrying case.

88V/A Automobile Combo Kit **$607.95**

87V/E2 Industrial Electrician's Combo Kit

Includes:
- 87V Industrial multimeter.
- C35 lightweight soft case.
- TL224 1.5m silicone leads.
- TP38 removable probes.
- AC220 retractable alligator clips.
- ToolPak meter hanging accessory.
- 80BK-A K-type temperature probe.

87V/E2 Industrial Electrician's Combo Kit **$451.95**

Digital Logging Meters

- Auto and manual ranging
- Beep-Jack™ audible and visible warning to guard against improper A and mA terminal plug in.
- Capacitance & dual-input temperature measurement capability.
- Autocheck feature provides selection of AC volts, DC volts or resistance with low impedance for ghost voltage elimination.
- High visibility 10000 count LCD dual digital display.
- True RMS (AC + DC)
- Data Logging Capability: 87,000 points stored single channel, 43,000 points stored dual channel.
- Intelligent auto-power off, display backlight, analog bar graph.
- Lifetime Limited Warranty.

- Voltage Measurement: 60mV to 1000V AC/DC
- Amperage Measurement: 600mA to 10A AC/DC
- Resistance: 600Ω to 60MΩ
- Frequency (Hz): 40 ~ 500
- Measurement Category: Cat IV 1000V

DML-430A Digital Logging Meter (43,000 Data Points) **$255.00**

Industrial 500,000-Count Digital Multimeter

- AC+DC True RMS, 50,000-count dual display for greater accuracy. 500,000 count available in DC voltage mode.
- VFD (variable frequency drive) voltage and frequency functions for accurate readings on noisy drive waveforms.
- Beep-Jack™ audible and visual input alert helps avoid blown fuses or damage to meter.
- 41-segment analog bar graph makes it easy to view changes.
- Record max, min, avg, and max-min and data hold.
- Crest capture (peak hold) max and min readings.
- Relative offset display mode makes monitoring relative measurement changes simple.

- Performs resistance, conductance, frequency, duty cycle, temperature and capacitance measurements, plus diode and continuity tests.
- Dual temperature measurement up to 1832°F/1000°C using type K thermocouples.
- Bright, backlit display is easy to read under any light condition.
- Intelligent Power Off conserves battery life but will not turn off during measurements.
- Wide AC bandwidth – to 100 kHz for voltage and 20 kHz for current.
- Accessories included: (1) 9V battery, bead temperature probe (400°F/ 204°C max.), test leads, protective boot, carrying case.
- Lifetime Limited Warranty.

Specifications	
Voltage measurement	500.00mV; 5.0000, 50.000, 500.00, 1000.0V
Amperage measurement	500.00, 5000.0µA; 50.000, 500.00mA; 5.0000, 10.000A
Resistance	500.00Ω; 5.0000, 50.000, 500.00kΩ; 5.0000, 50.000MΩ
Capacitance	50.00; 500.0nF; 5.000, 50.00, 500.0µF; 5.000, 25.00 mF
Frequency	5Hz-200kHz sine wave; 5Hz-2MHz logic level square wave
Temperature	K type, -58°F to 1832°F (-50°C to 1000°C)
Measurement category	Category CAT IV, 1000V

DM-860A Industrial 500,000-Count Digital Multimeter **$289.00**

Digital Multimeters

DM-810-A includes:
- Auto and manual ranging
- Beep-Jack™ audible and visible warning to guard against improper A and mA terminal plug in.
- High visibility 10000 count LCD dual digital display.
- Capacitance measurement capability.
- Intelligent auto-power off, display backlight, analog bar graph.
- True RMS
- PC interface capability using optional USB RS-232 cable with data recording PC software.
- Lifetime Limited Warranty.

DM-820-A also includes:
- Non-contact and single probe voltage detection.

- Voltage Measurement: 60mV to 1000V AC/DC
- Amperage Measurement: 600mA to 10A AC/DC
- Resistance: 600Ω to 60MΩ
- Frequency (Hz): 40 ~ 500
- Measurement Category: Cat IV 1000V

DM-820A Digital Multimeter **$190.00**
DM-810A Digital Multimeter **$175.00**

Professional Plant Digital Multimeters

DM-510 Features:
- Auto and manual ranging
- Non-contact and single-probe voltage detection
- Beep-Jack™ audible and visible warning to guard against improper A and mA terminal plug in.
- High visibility 6000 count LCD display.
- Capacitance and temperature measurement capability.
- Low impedance mode.
- True RMS
- Peak (crest) hold; min, max
- Auto power off, display backlight, analog bar graph
- PC interface capability using optional USB RS-232 with data recording PC software.
- AutoCHECK provides selection of AC volts, DC volts, or resistance with low impedance for ghost-voltage elimination.
- Lifetime Limited Warranty.

- Voltage Measurement: 60mV to 1000V AC/DC
- Amperage Measurement: 600mA to 8A AC/DC
- Resistance: 600Ω to 60MΩ
- Frequency (Hz): 50 ~ 400
- Measurement Category: Cat IV 300V; Cat III 600V, Cat II 1000V

DM-510A Professional Plant Digital Multimeter **$130.00**

Digital Multimeters

DM-200 Features:
- Auto and manual ranging
- Non-contact and single-probe voltage detection
- Beep-Jack™ audible and visible warning to guard against improper A and mA terminal plug in.
- High visibility 6000 count LCD display.
- Auto power off, display backlight, analog bar graph
- PC interface capability using optional USB RS-232 cable with data recording PC software.
- Lifetime Limited Warranty.

- Voltage Measurement: 60mV to 1000V AC/DC
- Amperage Measurement: 600mA to 8A AC/DC
- Resistance: 600Ω to 60MΩ
- Frequency (Hz): 50 ~ 400
- Measurement Category: Cat IV, 300V; Cat III 600V, Cat II 1000V

DM-210A DMM, 1KV AC/DC, CAP, TEMP (DM-210A) **$107.60**
DM-200A DMM, 1000V AC/DC (DM-200A) **$72.65**

TRMS Digital Multimeter

- True RMS for no-compromise accuracy when harmonics are present.
- Large LCD for easy viewing.
- AC/DC voltage detection for identifying live lines without contacting conductors.
- Easy viewing, backlit display.
- Auto shut-off for longer battery life.
- Low battery indicator.
- Audible continuity and diode tests.
- Frequency, capacitance, & resistance measurements.
- Data hold to capture measurement.
- 6000-count LCS for high resolution.
- Min/Max feature for added versatility.
- Audible input alert warns user if leads are in incorrect position.
- Lifetime limited warranty.

Specifications	
Amperage measurement	600.0, 2000µA; 6.000, 10.00A
Voltage measurement	600.0mV; 6.000, 60.00, 600.0, 1000V
Resistance measurement	600.0Ω; 6.000, 60.00, 600.0kΩ; 6.000, 60.00MΩ
Frequency measurement	40 Hz minimum , 100Hz to 60 kHz Maximum, depending on function and range
Capacitance	600.0nF; 6.000, 60.00, 600.0, 2000µF
Display	6000-count LCD
Measurement category	CAT IV, 600V; CAT III, 1000V

DM-350 TRMS Digital Multimeter **$133.35**

Greenlee Multimeter Accessories

Durable nylon carrying case
- Inside pocket for test leads.
- Elastic straps inside to hold multiple instruments.
- With carry strap.

Sure-Grip Test Leads
- 39in. silicon insulated wire.
- Tips for low contact resistance.
- Measurement Category IV, 1000V per UL31010.
- Maximum current 10 amps.
- Lifetime limited warranty.

TC-20 Carrying Case **$23.20** **TSG-3** Sure-Grip Test Leads **$27.45**

Mini Digital Multimeter + Voltage Detector

- AC/DC Voltage & current, resistance, diode/continuity.
- Built-in non-contact AC voltage detector (NCV) with red LED indicator and audible beeper.
- Large-digit 2,000 count LCD display.
- 10A max Current.

EX310
- Manual ranging w/ 9 functions and 0.5% basic accuracy.
- Battery test function for 1.5V and 9V batteries.
- Low battery indicator.
- Complete with test leads, tilt stand, protective holster and 9V battery.

EX320
- Autoranging DMM with 8 functions and 0.5% basic accuracy.
- Large-digit 2,000 count LCD display.
- 10A max Current.
- Max Hold, Data Hold, Relative and Auto power off.
- Complete with test leads, tilt stand, protective holster and 2 AAA batteries.

EX310 Mini Digital Multimeter + Voltage Detector **$39.99**
EX320 Mini Digital Multimeter + Voltage Detector **$49.99**

Heavy Duty True RMS Industrial MultiMeter

- 1000V input protection on all functions.
- Dual sensitivity frequency functions.
- Large backlit LCD.
- Diode open circuit voltage of 2.8V DC.
- Auto power off with disable feature.
- Complete with double molded test leads, magnetic hanging strap, Type K bead wire temperature probe (EX505, EX520 & EX530), carrying case, & 9V battery.

Models: EX503, EX505 (True RMS)
- 4,000 count.
- 0.5% accuracy.
- Data Hold and Relative.
- 10A max current.

Models: EX510, EX520 (True RMS)
- 6000 count—high resolution.
- 0.09% accuracy.
- Min/Max/Relative/Data Hold.
- 20A max current.

Model EX530 (True RMS)
- 40,000 count—highest resolution.
- 0.06% accuracy.
- Min/Max/Relative/Data Hold.
- 20A max current.
- Peak Hold (AC only).

Model EX570 (True RMS)
- InfraRed Thermometer w/laser point.
- 0.06% accuracy.
- 40,000 count - highest resolution.
- Memory for storage and recall of three measurements.
- Type K thermocouple contact temperature measurements.
- Hold, relative and peak hold.
- Min, Max and Average recording.

EX503 Industrial Multimeter (4000 count) **$94.99**
EX505 True RMS Industrial MultiMeter (4000 count) **$114.99**
EX510 Industrial MultiMeter (6000 count) **$149.00**
EX520 True RMS Industrial MultiMeter (6000 count) **$179.99**
EX530 True RMS Industrial Multimeter (40,000 count) **$219.99**
EX570 True RMS Industrial MultiMeter w/IR Thermometer **$249.99**

Professional MultiMeter

- Large backlit LCD display with easy-to-read 1" digits.
- Type K thermometer built-in for temp. measurements.
- Low current capability: measure down to 0.1µA.
- Input fuse protection and mis-connection warnings.
- Complete with CAT III test leads, multi-position tilt stand and velcro strap for hanging, protective holster with test lead holder, bead wire temperature probe, and 9V battery.

Model EX410/EX411
- True RMS (EX411)
- Manual Ranging

Model EX430
- True RMS (EX430)
- Autoranging
- Capacitance
- Frequency

Model EX450
- Built-in IR thermometer
- Autoranging

Model EX470
- Built-in IR thermometer
- True RMS
- Autoranging
- Capacitance
- Frequency
- Relative function

EX410 Manual Ranging MultiMeter **$49.99**
EX411 True RMS Manual Ranging MultiMeter **$74.99**
EX430 Autoranging MultiMeter **$94.99**
EX450 Autoranging MultiMeter + IR Thermometer **$119.99**
EX470 True-RMS Autoranging Multimeter + IR Thermometer **$149.99**

Probe Light Kit

L211 Probe Light Kit:
- Includes L200 Probe Light, TL71 Premium DMM Test Lead Set & C75 case.
- Small, rugged light easily attaches to any Fluke test probe.
- Flexible silicone test leads are heat and cold resistant.
- Zippered case has two inside pockets.
- Probe light frees both hands for work.
- 120 hours of battery life.
- Uses 2 3-volt watch batteries.

L211 Probe Light Kit **$48.95**

SureGrip™ Master Accessory Set

Kit includes all the SureGrip™ leads and probes in a handy roll-up pouch:
- AC220 SureGrip™ alligator clip set.
- AC280 SureGrip™ hook clip set.
- AC283 SureGrip™ pincer clip set.
- AC285 SureGrip™ large jaw alligator clip set.
- TP220 SureGrip™ test probe set.
- TL224 SureGrip™ silicone test lead set.
- 6-Pocket storage pouch.

TLK225 SureGrip™ Master Accessory Set **$122.95**

SureGrip™ Kit with Probe Light and Probe Extender

Kit Includes:
- L200 Probe light.
- TP280 20 cm Test probe extenders.
- TP220 SureGrip test probes.
- TL224 SureGrip silicon test lead set.
- Foldable soft pouch with six pockets and hook-and-loop.

L215 SureGrip™ Kit with Probe Light and Probe Extender **$72.55**

Deluxe Electronic Test Lead Kit

- 1m long test lead with a safety shrouded, right angle banana connector on one end and a stainless steel test probe on the other end, rated up to 10A.
- Insulated alligator clip rated up to 5A probe tip extender rated up to 3A.
- Modular test probe with banana connector in the handle, rated up to 10A.
- Modular hook & pinch style clip test lead w/banana connector rated up to 5A.
- Modular pinch-style clip test lead with banana connector, rated up to 5A.
- Modular alligator clip with banana connector, rated up to 5A.
- Bare spade lug with banana connector, rated up to 10A.
- CAT III 300V.
- Compatible w/multimeters that accept safety shrouded, banana connectors.
- One year warranty.

TL81A Deluxe Electronic Test Lead Kit **$122.95**

Test Lead Kits

Deluxe Electronic Bench DMM Test Lead Kit with Straight DMM Plugs:
- Silicone insulated 4ft (1.2m) leads fit meters from Fluke, HP, and others.
- Modular electronic test probes attach to leads.
- Extended fine-point adapters attach to probe tips.
- IC adapters attach to probes for secure probing on chip leads.
- Minipincer test clip leads for fine pitch chip leads.
- Minigrabber test clip leads extend the reach of the test leads.

6204A Deluxe Electronic Bench DMM Test Lead Kit with Straight DMM Plugs **$81.50**

Deluxe Electrical DMM Test Lead Kit:
- Silicone insulated 4ft (1.2m) test leads.
- Modular electrical test probes with stainless-steel tips.
- Maxigrabber test clips with jaws.
- Maxigrabber test clips with hooks.
- Maxigrabber test clips with pincers.
- Large alligator clips.
- Nylon storage pouch.

5904A/POM Deluxe Electrical DMM Test Lead Kit **$90.00**

Deluxe Multi-Use DMM Maxi-Kit:
- Silicon insulated 4ft (1.2m) leads with right angle plug.
- Modular probe set with replaceable tips.
- 5 sets of replacement tips.
- Retractable tip test probe set.
- Test lead coupler set.
- Medium alligator clip set.
- Large alligator clip set.
- Spade lugs.
- IC probe tip adapter.
- Minigrabber & Minipincer test clip leads.

5677B Deluxe Multi-Use DMM Maxi-Kit **$105.00**

Stud Finder with AC Detection

- Reliable way to find AC voltage, wood & metal studs.
- Finds the edges of wood/metal studs up to 3/4" deep through drywall.
- Non contact detection of AC voltage.
- Dual scanning for more flexibility.
- Deepscan mode finds the edges of wood or metal studs up to 1 1/2" deep for thick construction such as plywood, paneling or tile over drywall.
- Senses the changes in subsurface densities to pin-point studs & joists, while detecting AC voltage.
- One year limited warranty.

SF-420AC Stud Finder with AC Detection **$36.25**

Metal Locator

- Save time by eliminating rework, needless holes and broken bits and sawblades.
- Finds both ferrous and non-ferrous metal and indicated depth up to 6" deep.
- Easy-to-read LCD identifies target location and depth.
- Indicates depth to nearest 1/2".
- Automatically indicated if target is steel rebar or copper pipe (or any magnetic vs. non-magnetic material.)
- Easy-to-use, simple two button operation.
- One year limited warranty.

SF-780 Metal Locator **$189.00**

IR Thermometers

561 IR and contact thermometer
Combines the temperature measurement functions that industrial, electrical, and HVAC/R professionals need, all in one tool. It measures both infrared and contact temperature, replacing several other test tools.

With the Fluke 561 infrared thermometer, you can also take contact and ambient temperatures in the way that's best for you. Use the IR thermometer to measure hot, moving, electrically energized, and hard-to-reach objects instantly.

561 Infrared and Contact Thermometer **$178.95**

62 Infrared Thermometer
- Single point offset laser sighting.
- Best accuracy in its class: + 1% of reading.
- Holds temperature readings for 7 seconds.
- Dual displays shows current and MAX measurements.
- Backlit display for poorly lit areas.
- Comfortable ergonomic handle with protective rubber boot for added durability.
- Fitted carrying case.
- Wide temperature range from -30° to 500°C.

62 Infrared Thermometer **$99.50**

63 Infrared Thermometer
- High-resolution optics.
- High accuracy: 1 % and repeatability: 0.5 %.
- MAX temperature display.
- Laser targeting.
- Backlit display.
- Expanded measurement range up to 535 °C (999 °F).

63 Infrared Thermometer **$314.95**

411D & 416D Distance Meters

Fluke Distance Meters are professional-grade laser distance meters - they're fast, easy to use, & they fit on your tool belt.

- Reduce estimation errors, saving time and money.
- Instant measurements of the distance between two objects with one-button operation.
- Quick calculations of distance such as area and volume.
- Easy distance addition & subtraction calculations.

Laser Distance meters are better than ultrasonic devices because they use laser light waves & measure their reflection to accurately determine distances.

411D Laser Distance Meter 30m/100ft max **$115.00**
416D Laser Distance Meter 60m/200ft max **$235.00**

MicroScanner2 Cable Verifier

The MicroScanner2 Cable Verifier presents a revolutionary change in voice, data, and video cable testing. It starts by taking results from what was four different test modes and displaying them all at once – graphical wiremap, pair lengths, distance to fault, cable ID, and far end device. What's more, its integrated RJ11, RJ45, and coax test ports support virtually any type of low-voltage cable testing with no need for awkward adapters. The end result is reduced test time and technician error. That makes high-quality installations more efficient than ever.

Today's communications technicians have a lot more problems to deal with than just the cabling. They have to rule out a whole host of potential cable and service issues before determining the cause of a connection problem. MicroScanner2 acknowledges this, giving technicians high power vision to verify today's most common voice, data, and video services. That means faster, more comprehensive troubleshooting

MS2-100

MS2-100 Includes:

- MicroScanner2 Cable Verifier
- Main wiremap adapter
- Multi-language Getting Started Guide
- User CD
- Batteries
- Fluke Networks carry pouch

MS2-100	Microscanner2 Cable Verifier	**$449.00**

MS2-KIT

MS2-KIT includes:

- MicroScanner2 Cable Verifier
- Main wiremap adapter
- Remote identifiers #2-7
- IntelliTone Pro 200 probe
- Shielded twisted-pair RJ45 patch cord
- RJ11 patch cord
- Clip-set RJ45 to 8 alligator clip bare wire adapter
- F Coax push on patch cord
- Accessory soft pouch
- (2) AA alkaline batteries
- (1) 9V alkaline battery
- MicroScanner2 Getting Started Guide
- MicroScanner2 Owners CD
- IntelliTone Pro Getting Started Guide
- IntelliTone Pro owners CD
- Packaged in a deluxe Fluke Networks carry case

MS2-KIT	Microscanner2 Cable Verifier Kit	**$795.00**

MS2-TTK

MS2-TTK Includes:

- MicroScanner2 Cable Verifier
- IS60 Pro-Tool Kit
- IntelliTone™ 200 Tone Probe
- RJ11 and RJ 45 patch cables
- Lanyard
- Owners CD and quick start guide
- 9 volt battery
- Packaged in a deluxe Fluke Networks carry case.

MS2-TTK	MicroScanner2 Termination Kit	**$795.00**

Testifier Pro Cable Tester

Perform physical cabling tests & wiring verification including length measurement.

- Tests for shorts, opens, miswires, reversals, and split pairs
- Measure cable length and send tone as tone generator
- Displays PASS icon for correctly wired T568A/B and 6-pin telephone cable
- Two-line, 16-character full alphanumeric LCD with icons for clear results
- Integrated jacks for Telco and Network connections, F-connector for coax
- Separate Telco, Coax, and Network mode buttons for easy test selection
- Cable test results displayed in wire map format along with diagnostic messages
- Auto-off and timed backlight in any mode for low power consumption and long battery life

TP650 TestifierPro Cable Tester, #1 Remote, Pouch
TP655 TestifierPro Cable Tester, #1 to 8 Remotes, Zippered Pouch

TP650	TestifierPro Cable Tester	**$215.00**
TP655	TestifierPro Cable Tester Kit	**$279.00**

Jonard Holster Kits

TK-50

TK-22148

TK-375

TK-50 includes:

- Can wrench
- Cable splicing Knife
- Electrician's scissors
- Probe pick
- Belt Pouch

TK-22148 includes:

- Electrician's Scissors
- Combo crimper long nose plier
- Belt Pouch

TK-375 includes:

- Fiber optic stripper
- Electrician's scissors
- Belt Pouch

TK-50	Five piece telecom installers kit	**$38.00**
TK-22148	Telephone splicing kit	**$32.25**
TK-375	Fiber optic kit	**$38.00**

CI-Kits

CI-KIT2 **CI-KIT**

The CI kit provides all the tools that a telecommunications technician needs for day-to-day activities. Included in the kit is an S814 impact tool with 66 and 110 termination blades, a probe pic, electricians scissors, mini flathead screwdriver, and a cpt –web cable preparation tool. These tools are stored in a handy , lightweight clip-on pouch which allows the installer to cut, strip, and terminate cabling without having to carry separate tools or larger tool kits.

Siemon's CI KIT2 builds upon the many benefits of the standard CI KIT but is larger to fit the popular AllPrep Cable preparation tool in place of the cpt-web tool, and a "D-ring" has been added to carry additional tools. These tools are stored in a lightweight clip-on pouch which allows the installer to cut, strip and terminate cabling without having to carry separate tools or larger tool kits.

CI-KIT	Siemon Tool Kit	**$158.00**
CI-KIT2	Siemon Tool Kit	**$193.75**

PRO Network/Telco Installer Kit

Kit Includes

- 30-696 Ratchet Telemaster™
- 35-485 Punchmaster™ II Punch Down Tool with 110 Blade
- 35-473 Probe Pick & Spudger
- 45-165 Coaxial Stripper, 3/16 Inch to 5/16 Inch
- 35-088 Electrician's Scissors w/Stripping Notch
- 35-497 Replacement Blade, Punchmaster™ II Turn-Lock™ Style 66 Blade
- 85-396 8-Position 8-Contact Round Solid, (RJ-45) (Package of 50)
- 35-535 Mechanic's Tool Bag

33-506	PRO Network/Telco Installer Kit	**$180.00**

Master Series Network Service Kit

Kit Includes

- 30-696 Ratchet Telemaster™
- 35-485 Punchmaster™ II Punch Down Tool with 110 Blade
- 35-473 Probe Pick & Spudger
- 45-165 Coaxial Stripper, 3/16 Inch to 5/16 Inch
- 35-093 Cable Splicing Kit
- 35-497 Replacement Blade, Punchmaster™ II Turn-Lock™ Style 66 Blade
- 62-200 LinkMaster™ Tester
- 35-908 7-in-1 Twist-a-Nut™ Screwdriver/Nutdriver
- 33-864 Tone Generator and Amplifier Probe Kit
- 62-096 Smart6™ Modular Tester
- 45-719 Kinetic T-Stripper/Tel Crimp Tool
- 85-396 8-Position 8-Contact Round Solid, (RJ-45) (Package of 50)
- 35-410 Large Mouth Bag - 13 in. long

33-706	Master Series Network Service Kit	**$375.00**

DataReady® PRO Kit

A complete data cable installation kit providing everything to support the installer using commonly-available connectors, and punchdown termination blocks. All tools contained in a professional-quality, soft-sided zipper case with heavy-duty wrist strap.

Kit Contains:

- Data SureStrip™ Cat5e, Cat6, Phone Cutter/Stripper
- Untwist Tool
- Ergonomic CrimpALL/8000 Crimper Frame Only
- RJ45 WE/SS Die (8P8C)
- RJ11/12 WE/SS Die (6P6C, 6P4C, 6P2C)
- RJ22 Handset WE/SS Die (4P4C)
- RJ45 AMP Die (8P8C)
- RJ11 AMP DEC-MMJ Offset Die (6P6C)
- SurePunch® Pro PDT Handle & Light
- 110/66 Blade - SurePunch® & SurePunch® Pro PDTs
- Double 110 Blade-SurePunch® & SurePunch® Pro
- LAN ProNavigator™ Tester 1543

901378	DataReady® PRO Kit	**$329.00**

Telecom Tool Kits

Fluke Networks' Electrical Contractor Telecom Kits are comprised of industry standard telecommunications tools and test equipment. Contents include: D®814 Impact Tool, Cable Stripper, Probe Pic, Electrican's D-Snips™, Standard 4-wire Modular Adapter and EverSharp® 66/110 cut blade. Soft carrying case included for easy organization.

- Choose either kit I with TS®30 Test Set or kit II with Pro3000™ Analog Tone & Probe
- D814™ industry standard punchdown tool for reliable terminations
- EverSharp™ 66/110 Cut Blade provides flexibility for different block and jack terminations
- Cable Stripper quickly rings and slits many types of cable
- Use the Probe Pic to check for loose or damaged connections
- Cut and strip wire cleaner and faster with the Electricians' D-Snips™
- Connect to jacks for testing with the Standard 4-Wire Modular Adapter
- A soft zippered pouch keeps your tools all in one convenient place

11290-000

11289-000

11290-000	Electrical Contractor Telecom Kit I (with TS®30 Test Set)	**$324.00**
11289-000	Electrical Contractor Telecom Kit II (with Pro3000™ Analog T&P Kit)	**$227.00**

Greenlee MagnumPro Fish Tape

Steel

Stainless Steel

Flexible Steel

FiberGlass

All MagnumPRO™ Fish Tapes Feature:

- Advanced comfort grip and rugged case design
- Superior rapid grip tape payout and rewind
- Viewing ports to see amount of tape in case and allow quick debris removal.

Steel: Used for general fishing in conduit

- Maximum durability
- Improved low profile tip for easy fishing through all sizes of conduit
- Available in 50', 65', 125' and 240' length
- 1/8", 1/4" and flat steel profiles to accommodate different fishing situations

Stainless Steel: Used in general fishing in conduit & harsh environmental situations

- Corrosion free stainless steel tape for maximum life
- Fish further and faster with Speed Flex Leader
- Available in 100' and 200' lengths
- Replaceable Speed Flex Leader

Flexible Steel Cable: More flexible than steel, stronger than fiberglass or nylon and slips through later and vertical bends in the same run

- Multi-strand steel cable for maximum flexibility
- Available in 50' and 100' lengths

FiberGlass: Used in proximity to energized lines and where good flexibility is desired

- Non-conductive fiberglass tape with patented low-friction coating for faster and easier fishing
- Perfect for fishing in conduit with wire or cable present
- Available in 50', 100', 200', and 250' lengths
- Replaceable tips

FTF540-100	11/64" x 100' - Fiberglass Fish Tape	**$183.95**

Zoom Fish Tapes

- Translucent, impact-resistant case shows precisely how much tape is left.
- Large Tuff-Grip™ handle provides secure grip, accommodates large gloved hands.
- Zoom™ Tape's tough outer nylon jacket offers abrasion resistance, with enhanced lubricity resin additives.
- Zoom™ Tape's 3/32" round, 19 strand preformed core handles tight bends and tough pulls by providing omni-directional (all directions) flexibility to change planes in conduit runs.
- 304 Grade Stainless Steel (Cutlery Grade) assures long, rust-free performance.
- Can be used in aqueous pulling lubricants and wet conduit runs without concern about rusting.

31-090	3/16" x 50' Zoom Fish Tape	**$90.90**
31-092	3/16" x 100' Zoom Fish Tape	**$114.95**
31-096	3/16" x 200' Zoom Fish Tape	**$192.00**

Spiral Wrap

- Harness cables into a single manageable bundle.
- Allows breakouts of cables.
- Provides protection
- Easy identification of cable
- Installation tool supplied.
- Bundle Range: 0.38" - 4.00"
- 100' reel for easy handling

Creep-Zit

81-000: Creep-Zit™ Pro 36ft. Kit - Threaded Connector Wire Running Rod Kit Includes:
- Five FiberFuse™ 6ft. push/pull rods with male and female threaded connector ends
- One Luminous FiberFuse™ 6ft. push/pull rod with male and female threaded connector ends
- One 6ft. Fish Tailz™ 1/8" Mesh Pull Sock
- Whisk Threaded Tip
- Ball Chain Threaded Connector Tip (12" ball chain length)
- Female Bull Nose Threaded Connector Tip
- Kit is packaged in a clear square plastic tube

81-130: Creep-Zit™ 30ft. Kit - Threaded Connector Wire Running Rod Kit Includes:
- Four FiberFuse™ 6ft. push/pull rods with male and female threaded connector ends
- One FiberFuse 6ft. push/pull rod with a fixed bull nose end and a female threaded connector end
- Whisk Threaded Connector Tip
- Ball Chain Lanyard (12" length)
- Kit is packaged in a clear square plastic tube

81-230: Creep-Zit™ 30ft. Luminous Kit - Threaded Connector Wire Running Rod Kit Includes:
- Four Luminous FiberFuse™ 6ft. push/pull rods with male and female threaded connector ends
- One Luminous FiberFuse 6ft. push/pull rod w/a fixed bull nose end & female threaded connector end
- Whisk Threaded Connector Tip
- Ball Chain Lanyard (12" length)
- Kit is packaged in a clear square plastic tube

Creep-Zit™ 36" Kit

Creep-Zit™ 30ft Kit

Fishing Poles / Stix

Fish Poles Features:
- Designed specifically for pushing and pulling wires over long distances.
- Push or pull wires over suspended ceilings, under sub-floors or crawl spaces and in attics.
- Non-conductive, high-impact construction.
- Specialized hook can be used to install wires in suspended ceilings.
- Velcro strap secures pole when in collapsed position.
- Self-contained, no loose parts.
- Lightweight design to minimize fatigue.

Fish Stix Features:
- 1/4" (6.4 mm) diameter fiberglass rods provide added rigidity when multiple sections are connected.
- 200 lbs. (0.9 kN) minimum pulling strength.
- Two different threaded tips accommodate various bundles of wire or cable.
- 540-24 includes one 3' Glo Stix™ section for improved tip visibility.
- 540-12 includes (3) 4' fish stix sections
- 540-24 includes (3) 6' fish stix sections and (1) 3' fish stix section

Glo-Stix Features:
- Luminescent fiberglass rods glow in the dark to make fishing voice, data and video wires easier in dark spaces, such as above ceilings, in walls, and below sub-floors.
- More flexible for fishing in walls through outlet box holes.
- Sturdy, steel-threaded connectors are interchangeable with Green- lee - 1/4" Fish Stix.
- Clear, non-metallic storage tube keeps Glo Stix charged.
- 200 lbs. maximum pulling strength.
- 540-6: Kit includes a bullet nose and "J" hook threaded tips, packaged in a plastic tube
- 540-15: Kit with fixed bullet nose on both ends

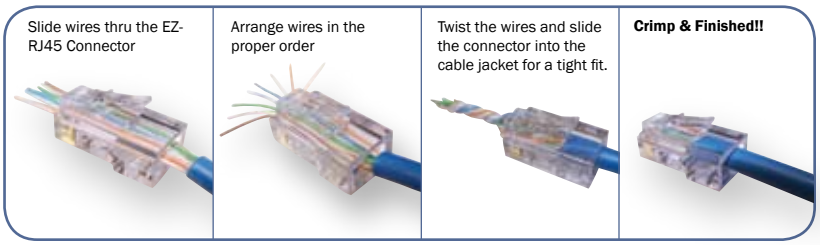
EZ-RJ45 Connectors



Slide wires thru the EZ-RJ45 Connector
Arrange wires in the proper order
Twist the wires and slide the connector into the cable jacket for a tight fit.
Crimp & Finished!!

How Straighten Twisted Pair Wire

1) Save the cable jacket and separate the four cable wires
2) Slide the cable jacket between the twisted pairs
3) Untwist the wire by pushing the wire in the opposite direction of the twist.
4) When you reach the end, pinch the wire inside and pull outward to straighten.

The EZ-RJ45 Connectors, simplify twisted pair terminations by allowing the wire to be inserted through the connector and out the front. This allows the technician to easily verify the proper wiring order. Electrical performance of the termination is optimized by pulling the connector down over the cable jacket and seating it tightly in the rear of the connector. It also guarantees that the wires will be properly flush to the front of the connector.

202003J EZ-RJ45® Connectors, 100 Pc. Jar **$62.00**
202035J Strain Relief for EZ-RJ45® Cat 5e Connector. Jar of 100 **$24.00**
202010J EZ-RJ45® Cat 6+ Connectors, 100 Pc. Jar **$70.00**
202036J Strain Relief EZ-RJ45® Cat 6+ Connectors & Shielded Cat 5e Connector, Jar of 100 **$24.00**

Wire Stripper
- Designed for stripping the jacket on Cat 5, 5e cables.
- Will not nick inner conduct.

15015 **$11.95**

Crimp Tool for EZ-RJ
- Tool steel die head assembly provides 360° of connector support during crimp.

100054C **$86.95**

Twisted Pair Crimp Tools

TeleMaster™ Crimp Tool Kit
- Tool for RJ-11(1,2,3 pair) & RJ-45 (4 pair) plugs
- 10 x 4-Position, RJ-11 Stranded Modular Plugs
- 10 x 6-Position, RJ-11 Stranded Modular Plugs
- 10 x 8-Position, RJ-45 Stranded Modular Plugs

33-700 TeleMaster™ Crimp Tool Kit **$54.45**

Ratchet Telemaster
- Ratchet version of popular IDEAL Telemaster™ Tool. for RJ-45 and RJ-11 modular plugs.
- Multi-function telephone tool cuts, strips, & crimps.
- Repeatable crimp action for high quality connections

30-696 Ratchet Telemaster **$61.85**

Modular Crimp Tool

All-in-one crimping tool for Western Electric (WE)/Stewart Stamping (SS)-type, 6- and 8- position modular telephone plugs. Cuts and strips. Ratchet-controlled to master the tension of the tool for ease of use.

- Embedded flat cable cutter and stripper.
- Crimps 8- position RJ45 connectors and 4- and 6- position RJ11 and RJ12 connectors.
- Crimps AWG 28-24 telephone and data cables.

11212-530 Modular Crimp Tool **$47.00**

All-in-One Telephone & Phone and Data Tools

All-in-One Ultra Telephone Tool
Our best all-in-one tool! Professional crimping tool for either AMP/Tyco or Western Electric/ Stewart Stamping, type, 4-, 6-, & 8-position modular plugs.

- Embedded cable cutter/stripper.
- Crimps 28-24 AWG telephone/data.

901014 All-in-One Phone Tool AMP **$130.00**
901016 All-in-One Phone Tool WE/SS **$130.00**

All-in-One Phone and Data Tool
The tool crimps modular plugs for data & voice including handset plugs. Available for Western Electric/Stewart-Stamping or AMP -style connectors.

- Crimping cavities for RJ45, RJ11/RJ12 & RJ22 handset modular plugs
- Cuts and strips round UTP/STP phone and data cable along with flat satin phone cable

1556 All-in-One Phone and Data Tool **$38.75**
1557 All-in-One Phone and Data Tool AMP **$38.75**

Modular Crimp Tool

This 3-in-1 ratchet-style crimp tool cuts, strips, and crimps modular plugs on either round or flat cables. (Flat silver-satin cable is not recommended for patch cords used to transmit data, yet most tools only offer a flat cable stripper.) The parallel action design maintains accurate alignment of the die with the plug for a precision crimp every time.

PT908 Modular Crimp Tool **$155.00**

Twisted Pair Hand Tools

Pro-Crimper II Hand Tool
Category 6 Modular plug die set and tool crimps both the strain relief and the modular plug contacts at the same time.

- External strain relief clamp die set & tool are for use /8-position category 3, 5, & 5e plugs only.

790163-1 Pro-Crimper II Hand Tool **$315.00**

Portable Butterfly Hand Tool
Butterfly tool for Champ 25 Pair Connectors

- Terminates & shears all wires in a single operation.
- Wires can be laced in tool or lacing fixture.
- Base plate can be bench mounted.

229378-1 Butterfly Hand Tool **$1745.00**
230328-3 Optional lacing fixture **$137.35**

Telephone Ratchet Crimper

Typically used for Modular Plug Connectors. Our Telephone Ratchet Crimper was designed with a compact head to fit into tight spaces and ergonomic handles for operator comfort.

- Combination tool terminates 8, 6, & 4-position modular style plugs.
- No need to change crimping dies.
- Full-cycle ratchet provides quality terminations every cycle.
- Straight action ensures uniform crimp.
- Built-in wire cutter and stripper for flat cable.
- All-steel frame has rust-resistant, black oxide finish.

45575 Telephone Ratchet Crimper **$71.65**

- Data SureStrip™ Cat5e, Cat6, Phone Cutter/Stripper
- All-in-One Data & Phone Tool (WE/SS-style)
- 110 Non-Impact Punchdown Tool
- RJ45 WE/SS 8P8C Modular Plugs (Cat5e, Cat5) - 10 pack

Connector style:
- WE/SS-style modular plugs

4909 Network Tool Bundle **$56.75**

Twisted Pair Bundles

Crimp Bundle Kit
Complete tool bundle along with modular plugs to make RJ45 or RJ11 patch cords.

- Universal Cable Stripper
- Modular Plug Crimper for RJ45 & RJ11/12
- 10, RJ45 Cat5e plugs for solid, round cable
- 10, RJ11 phone plugs for solid, round cable

70009 Crimp Bundle Kit **$29.45**

Networking Tool Bundle
Complete tool bundle for making patch cords or terminating 110 jacks & panels.

- Universal Cable Stripper
- Modular Plug Crimper for RJ45 & RJ11/12
- 110 Punchdown Tool
- 10, RJ45 Cat5e data plugs for solid, round cable
- 10, RJ11 phone plugs for solid,

70016 Networking Tool Bundle **$32.50**

Indent D-Sub Crimper

Indent D-Sub Crimper
Crimping tool for 4-indent crimping of closed-barrel D-sub contacts.

- Comfortable handles for low-effort operation
- Adjustable pin height locator

1460 4-Indent D-Sub Crimper (26-20 AWG) **$31.99**

Terminal Crimpers

1600 Series Crimper Insulated Terminals
Crimps 22-14 AWG (.34-2.5 mm²) insulated terminals and lugs. Fixed die system.

Crimp size: 16-14(Blue)/22-18(Red)
Connector style: Terminal-Elliptical 2-level standard commercial terminals
Connector type: Insulated & non-insulated terminals & lugs

1605 1600 Series Crimper **$116.59**

HTN 21L Terminal Crimper

- Fixed steel die system.
- Built-in terminal locator.
- Durable steel construction for long life.
- Handles designed for low-effort operation.

Crimp Size: 20-18/16-14/12-10
Connector Type: Non-insulated terminal lugs, cable lugs, parallel and serial splices

901461 HTN 21L Terminal Crimper **$143.15**

1600 Series Wire Ferrule Crimper
Professional-quality crimping tool for insulated and non-insulated wire ferrules.

- Ferrules' crimp conforms to DIN 46228 Pt. 1 and 4.

Type: 20-10 AWG (.5-6 mm²) stranded wire
Crimp Size: 20-10 Trapezoid
Connector Style: DIN or US type wire ferrules
Connector Type: Insulated & non-insulated wire ferrules

1647 1600 Series Professional Wire Ferrule Crimper **$134.40**

CTI 6 Terminal Crimper

Type: AWG 20-10 (0.1-6.0 mm²)
Crimp Size: 20-16(R)/16-14(B)/12-10(Y)
Connector Type: Insulated terminal lugs, cable lugs & serial splices.

900612 CTI 6 Terminal Crimper **$161.95**

1600 Series Crimper Non-Insulated Terminals

Type: 20-10 AWG (.5-6.0 mm²)
Crimp size: 12-10/16-14/20-18 Terminal, indent
Connector style: Standard commercial non-insulated terminals & lugs.

1618 1600 Series Crimper Non-Insulated **$170.79**

CTN 25 D5 Terminal Crimper
Crimping tool for non-insulated terminal lugs w/a wire range of 8-4 AWG.

Connector type: Non-insulated terminal lugs (900622), Tube lugs and splices (900623)

900623 CTN 25 D5 Terminal Crimper **$595.00**

Scotchlok Terminal Box

The STK-1 is constructed of durable metal with individual product compartments. While the compartments keep you organized, the metal frame protects the contents.

- 3M™ Scotchlok™ Crimping Tool TH-440
- 3M™ ScotchCode™ Tape Dispenser STD-0-9
- 100 x 3M™ Cable Ties 06225
- 100 x 3M™ Cable Ties 06226
- 50 x 3M™ Highland™ Ring Tongue Terminal RV18-6*
- **Plus more. Go to datacomtools.com for full listing**

STK-1 Scotchlok Terminal Box **$179.99**

Terminal Crimp Kit

- Ratcheted crimper
- Ring insulated terminal 22-16 AWG x 50 pcs
- Ring insulated terminal 16-14 AWG x 40 pcs
- Ring insulated terminal 12-10 AWG x 20 pcs
- Butt splice insulated 22-16 AWG x 30 pcs
- Butt splice insulated 16-14 AWG x 20 pcs
- Butt splice insulated 12-10 x 15 pcs

500-037 Terminal Crimp Kit **$33.85**

Terminal Crimper Kit

Economical terminal crimper kit for electrical and control panel installation and wiring.

- 1300 Series Insulated Terminal Crimper
- Assorted AWG 22-12 Insulated Terminals
- Crimp Tool Features Interchangeable Die System
- One-year warranty on kit
- Individual Warranties Apply to Each Tool

4305 Terminal Crimper Kit **$73.85**

CrimpALL Broadcast Pack

- CrimpALL/8000 Crimper Frame Only
- RG6, RG6 Quad Die, CrimpALL/8000 & 1300 Series
- HDTV Die CrimpALL/8000 & 1300 Series
- HDTV Die for CrimpALL/8000 & 1300 Series
- SMA, BNC/TNC Die for CrimpALL/8000 & 1300
- RG8/11/213-CrimpALL/8000 & 1300 Series

4802 CrimpALL Broadcast Pack **$138.00**

SealTite® Pro for the Smart Home A/V Kit

Kit Contains:
- SmartHome Data SureStrip® 1119
- SealTite® Pro Compression Crimper, RCA, BNC, Cable TV F (RG59/6/6 Quad) 1555
- 6 RG6/6 Quad connectors (2): RCA, BNC, CATV "F"
- 2 sets of color bands (for use on BNC & RCA)

4915 SealTite® Pro Kit **$98.60**

SealTite™ Waterproof Connector Kit

This kit is designed for applications requiring weatherproof CATV "F" connections including satellite dish and CATV installations. The crimper works with Paladin's connectors as well as Augat/T&B Snap-n-Seal™.

- KT 8 Cutter
- LC CST CATV
- SealTite™ 59/6 CATV "F"
- Cable TC "F" flaring & attachment tool

4906 SealTite™ Waterproof Connector Kit **$80.95**

Crimpers and Die Sets

1300 Series Crimp Frame Only
Paladin's 1300 Series is the original interchangeable-die crimping system - all the rest are mere copies of its innovation. It continues to be the answer for precision-crimping at an affordable price with over 50 die sets available for the most popular connectors. See the chart for specific crimp dimensions.

1302 1300 Series Crimp Frame Only **$42.99**

8000 CrimpALL® Tool Frame
The 8000 Series CrimpALL® was designed with user satisfaction in mind. This tool is designed for superior comfort and ease of use. It uses the same die sets as our 1300 Series crimpers.

8000 8000 CrimpAll® Tool Frame **$58.99**

Die only: 2687				$31.99

Crimpers and Die Sets

1600 Series Crimp Frame Only
The 1600 Series is Paladin Tools' premium crimper family designed for the professional that demands superior quality and reliability. It is the most widely used tool amongst broadcast installers and professional cable assembly companies. It supports more fiber applications than the larger, more expensive tools.

1600 1600 Series Crimp Frame Only **$66.59**

Crimpmaster Crimp Tool Frame
High quality ratchet-type crimp tool for electricians, contractors and installers who require guaranteed repeatability of good mechanical and electrical connections.

30-506 CrimpMaster™ Crimp Tool Frame **$52.95**

Die Sets for the Crimpmaster™ Crimp Tool Frame

30-560	RJ-45 AMP, for Crimpmaster™	$52.35
30-556	RJ-11, for Crimpmaster™	$52.35
30-594	Insulated Slide-On Connectors, for Crimpmaster™	$32.40
30-586	Commercial Open Barrel, for Crimpmaster™	$32.40
30-573	Cambridge Type RG-59, for Crimpmaster™	$32.40
30-577	RG-8, N-Series/BNC, for Crimpmaster™	$32.40
30-578	RG-59, RG-6, 8281/Quad, for Crimpmaster™	$32.40
30-587	RG-58, RG-174, RG-8218, for Crimpmaster™	$32.40
30-576	RG-174, Mini-59 BNC/TNC, for Crimpmaster™	$32.40
30-591	Plenum/Non-Plenum, RG-58 & RG-59, for Crimpmaster™	$32.40
30-572	Mini Insulated Ring, Spade & Butt Splices, for Crimpmaster™	$37.40
30-579	Insulated Terminals, for Crimpmaster™	$32.40
30-580	Non-Insulated Terminals, for Crimpmaster™	$32.40
30-581	Combo RG-58, RG-59/62, BNC/TNC, for Crimpmaster™	$32.40
30-582	F-Type CATV, RG-59, RG-6, for Crimpmaster™	$32.40

F-Connectors

- Approved for use by most cable TV & satellite companies.
- RF signal contains strong signal.
- Connections do not come loose.
- Provides superior durability in all climates compared to other manufactures' connectors.

89-211	RG-11, Dual Shield, Compression Connectors, 10 Pack	**$47.25**
92-610	RG-59 Compression F-Connectors - Jar of 50	**$31.50**
92-650	RG-6 Compression F-Connectors - Jar of 50	**$30.90**
92-656	RG-6 Compression F-Connectors - Jar of 100	**$56.00**
92-660	RG-6 Plenum Compression F-Connectors - Jar of 50	**$45.25**

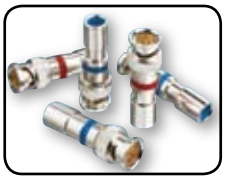
Paladin Tools

Waterproof CATV "F" compression connectors for digital cable, satellite, and cable modems. Works with HDTV!

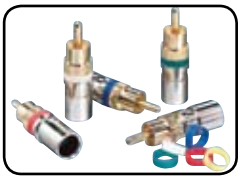
- Quick & Easy assembly
- Compression-type for indoor or outdoors
- Works with HDTV & digital cable
- For satellite, CATV, cable modems, video, & UHF

9645	Sealtite F Connectors RG59 - Jar of 50	**$29.99**
9646	Sealtite F Connectors RG6 - Jar of 50	**$29.99**
9647	Sealtite F Connectors RG6 Quad - Jar of 50	**$29.99**

BNC & RCA Connectors



BNC



RCA

- Constructed of nickel plated brass & gold plated head.
- Easily installs onto RG6 & RG59 cable.
- HDPE adapter sleeve & inner "O" ring provide double protection.
- Compatible with 30-603 & 30-793 OmniSeal Compression tools.

89-047	BNC RG-59 Compression Connectors - 15 pack	**$30.45**
89-5047	BNC RG-59 Compression Connectors - Jar of 35	**$65.25**
89-048	BNC RG-6 Compression Connectors - 15 pack	**$30.45**
89-5048	BNC RG-6 Compression Connectors - Jar of 35	**$65.25**
89-572	RG59 RCA Compression Connectors - Pack of 10	**$20.05**
89-570	RG59 RCA Compression Connectors - Jar of 35	**$61.25**
89-582	RG6 RCA Compression Connectors - Pack of 10	**$20.05**
89-580	RG6 RCA Compression Connectors - Jar of 35	**$61.25**

Compression Kits

Paladin Tools

SealTite Pro Kit

Includes all the tools you need to prepare the cable and terminate any compression connector using RG59, RG6 or RG6 Quad shield cables.

- KT 8 Cutter
- LC CST CATV Stripper
- RG6 CATV Flaring Tool
- SealTite Pro Crimper
- SealTite RG6/Quad (10) Connectors

4910 Paladin Tool SealTite Pro Kit **$103.10**

Basic Compression Kit

- Economy Compression Tool
- Data T-Cutter
- Coax Stripper
- RG59 connectors: 10
- RG6 Quad connectors: 10
- RG6 connectors: 10

33-620 Basic Compression Kit **$85.00**

Service Compression Kit

- RG6 universal connectors: 50
- RG6 universal plenum connectors: 10
- RG59 BNC connectors: 10
- RG6 BNC connectors: 10
- OmniSeal Compression tool
- Port Seal
- Data T-Cutter
- RG6 Stripmaster
- RG6 Quad blade

33-630 Service Compression Kit **$318.00**

Compression Tools

Compression Tool, F-Connector

- Compresses Series 6 & 59 coax compression connectors.
- Connection never comes loose.
- Adjustable nesting fixture accommodates a variety of connectors.

30-633 **$24.05**

OmniSeal™ Pro Compression Tool

- Connects RG6, RG Quad Shield, RG59, *(33-793 also works on BNC)* & compression F-Type coaxial cables.
- Fast & reliable solution to home theatre, CATV, satellite & security applications.
- Works with most compression connectors.

30-793 **$79.99**

SealTite Pro Crimper Paladin Tools

Crimps linear "F", BNC, RCA, & compression connectors for RG59, RG62AU, RG6 & Quad cables.

1555 **$58.95**

Coax Flaring Tools

- Flare the shield braid back from the dielectric without nicking your finger.
- Attachment tool enables you to hold the connector comfortably to insert onto cable.
- One year warranty.

1927 Cable TV "F" Flaring & Attachment Tool **$8.75**

- Works on RG59 and RG6/6 Quad Cable.
- Flares shield away from center dielectric.
- Saves time on CATV and satellite installations.
- One year warranty.

1917 RG59/RG6/RG6 Quad Flaring Tool **$24.15**

BNC/F-Connector Tool

- Comfortable driver-style plastic handle.
- One-year warranty.
- 1908 - Use the hex socket to easily remove & insert connectors.

1907 BNC Extraction Tool 8" **$13.99**

- Combines a 7/16 in. hex Socket & 3/8-32 threaded end.
- Holds F-connector during insertion to ease seating against dielectric.

35-046 F-Connector Tool **$24.95**

Wire Strippers

45-315	45-715, 45-716	45-718	45-915, 45-918
Super T-5 Wire Stripper - Wire Range #8 to #16 AWG - All of the T®-Stripper Features Plus: 6-32 and 8-32 Self Chasing Screw-Cutting Holes - Curved, cushion-grip handles for ergonomic comfort. - Locking latch to keep stripper in closed position.	- 10-18 AWG Solid (45-715) - 16-26 AWG Stranded (45-716) - Pocket-Locket locks tighter when tool is slipped into holster for added safety. - Narrow plier nose is perfect for holding and twisting wires	**Kinetic Super Stripper** - Thumb guide promotes comfort while focusing kinetic energy for faster wire stripping. - Pocket-Locket™ locks when tool is slipped into holster or pant pocket.	**Kinetic™ Reflex™ Super T®-Stripper** - Non-slip Santoprene™ textured grips. - New ergonomic design for maximum control. - Strips 10-18 solid and 12-20 stranded. - Shear-Cut™ bolt cutters.

45-315	Super T-5 Wire Stripper	**$13.99**
45-715	Kinetic Super Wire Stripper 10-18 AWG Solid	**$23.35**
45-716	Kinetic Super Wire Stripper 16-26 AWG Stranded	**$23.35**
45-718	Kinetic Super Wire Stripper 8-16 AWG Stranded	**$23.35**
45-915	Kinetic™ Reflex™ Super T®-Stripper (10-18 Solid & 12-20 Stranded)	**$24.52**
45-918	Kinetic™ Reflex™ Super T®-Stripper (6-14 Solid & 8-16 Stranded)	**$24.52**

45-415, 45-615, 45-418, 45-621, 45-423	45-092, 45-262, 45-292
Reflex T-Stripper - One-step stripping of outer jacket of NM cable - no slitting required. - Versatility to strip, cut, and loop conductor wires with precision.	**Stripmaster Wire Stripper** - Knife-type blades - Wire gripper holds wire centered in stripping hole. - Eliminates nicking, cutting, and fraying of commercial wire. - Special POP packaging.

45-415	Reflex Premium T-5 Stripper 10-18AWG Solid	**$16.75**
45-416	Reflex™ Premium T-6 Stripper (#16-#26 Stranded)	**$16.75**
45-417	Reflex™ Premium T-7 Stripper (#22-#30 Solid)	**$15.75**
45-418	Reflex™ Premium T-8 Stripper (#8-#16 Stranded)	**$18.65**
45-423	Reflex™ Premium Cutter (1/2" Solid, #10 Stranded)	**$18.65**
45-621	Dual NM Reflex™ Super T-Stripper	**$23.85**
45-615	Reflex Super Wire Stripper 8-16 AWG Solid	**$18.65**
45-092	Stripmaster Wire Stripper #10 to #22 AWG (Box)	**$36.65**
45-292	Stripmaster Wire Stripper 10-22 AWG (Blister Card)	**$37.25**
45-262	Coaxial Stripmaster, RG-6	**$38.65**

Wire Strippers

45-120, 45-121, 45-125, 45-124	45-248, 45-249	45-101	45-777
T-Stripper Wire Strippers - Form-ground, knife-type blades for easy stripping. - Built-in wire cutter and looping holes. - Convenient plier nose for extra gripping strength.	**NM Cable T-Stripper** - Easy, one-step stripping of outer jacket of NM cable - no slitting required. - Versatility to strip, cut, and loop conductor wires. - Strips 12 or 14 AWG solid.	**V-Notch Stripper** - Cuts copper or aluminum wire, solid, or stranded. - Rotating cam wheel adjusts to strip 10-24 AWG wire. - Holes for solid wire.	**Seven-In-One Stripper** - Strips 8-16AWG solid and 10-18AWG stranded wire. - Cuts unhardened wire, bolts and screws (4-40, 6-32, 8-32, 10-24 and 10-32) & reform threads.

45-120	T®-5 T®-Stripper (10-18 AWG Solid)	**$11.45**
45-121	T®-6 T®-Stripper (16-26 AWG Stranded)	**$11.45**
45-125	T®-7 T®-Stripper (22-30 AWG Solid)	**$13.30**
45-124	T®-8 T®-Stripper (8-16 AWG Stranded)	**$12.80**
45-248	14/2 NM Cable T®-Stripper	**$15.95**
45-249	12/2 NM Cable T®-Stripper	**$15.95**
45-101	V-Notch Stripper	**$8.60**
45-777	Seven-In-One Stripper	**$21.30**

45-074	30-428
Data T®-Cutter - Cuts round communication cable and maintains cable geometry for better cable performance. - Cuts multi-pair cable up to .5" and coax cables up to RG-9/U. - Suitable for soft cables (not ACSR)	**Combo Tool** - Convenient, four-function tool features precision-ground stripping holes and knife-to-anvil cutting blades. - Crimps bare and insulated terminals. - Strips 8 to 20 AWG solid and 10 to 22 AWG stranded wire. - Cuts unhardened bolts (4-40, 6-32, 8-32, 10-24, and 10-32) and reforms threads.

45-074	Data T®-Cutter	**$17.15**
30-428	Combo Tool	**$30.00**

Wire Strippers

45-248	45-778	45-123	45-128, 45-129
NM Cable Dual-Hole T®-Stripper - Stripping holes for stripping two 12 AWG or two 14 AWG wires simultaneously. - Ability to strip both conductor wires of NM cable at a time.	**Multi-Crimp Strip Tool** - Cuts wire. - Crimps insulated and non-insulated wires. - Cuts bolts. - Strips 10-22 AWG wire.	**T®-Cutter Wire Cutters** - Hardened steel, sheer-type blades. - Up to 1/2" in O.D. fine-stranded wire and 10 AWG solid wire.	**Swivel-Blade® Cable Strippers** - For end/center stripping of coax & power cables from .75"-1.5" in O.D. - Strips insulation to 5/32". - Spare blade in handle.

45-248	Premium T®-14 T®-Stripper (12 or 14 AWG Solid)	**$15.95**
45-778	Multi-Crimp Strip Tool	**$14.65**
45-123	T-®Cutter Wire Cutter	**$12.80**
45-128	Swivel-Blade® Cable Stripper (1/4" to 3/4" in O.D.)	**$31.85**
45-129	Swivel-Blade® Cable Stripper (3/4" to 1 1/2" in O.D.)	**$40.05**

1950, 1951	1916, 1917, 1918
Pro Wire Strippers - Stripping stations with a positive stop provide precise stripping diameters. - Long curved cutter blades reduce force required by 25% and can cut NM in a single cut. - Lock tab protects cutting edges during storage.	**Terminator Wire Strippers** - Precision-ground blades ensure consistent stripping. - Heat treated for long life. - Rust-resistant black oxide finish.

1950	Pro Wire Stripper 10-18 AWG	**$17.45**
1951	Pro Wire Stripper 22-32 AWG	**$17.45**
1916	Terminator Wire Stripper 20-10 AWG Solid Wire	**$13.99**
1917	Terminator Wire Stripper 26-16 AWG Stranded Wire	**$24.15**
1918	Terminator Wire Stripper 30-22 AWG Solid Wire	**$14.55**

Wire Strippers

JIC-1022, JIC-1626, JIC-2030	JIC-375	JIC-175	JIC-125
Wire Stripper and Cutter The JIC-1022 Wire Stripper and Cutter is designed to strip/cut the most commonly used stranded and solid wire gauges 10 to 22 AWG and 1.6-3mm fiber jackets. The JIC-1626 is designed for 16 to 26 AWG wire. The JIC-2030 is designed for 20-30 AWG wire.	**Fiber Optic Stripper Three Hole** - Strips the 2-3 mm fiber jacket down to the 900 micron buffer coating. - The second hole strips the 900 micron buffer coating down to 250 micron. - The third hole strips the 250 micron cable to fiber w/o nicks or scratches.	**Ergonomic Fiber Optic Stripper** - Used for stripping the 250 micron coating from the 125 micron fiber. - Preset at the factory so no adjustments are necessary. - Yellow plastic formed handles, tool is 6" long.	**Fiber Optic Stripper** The Fiber Optic Stripper is used for stripping 250 micron buffer coating from 125 micron optical fiber. - Design prevents nicks or scratches on the optical fiber.

ST-500, ST-550, ST-450	OK-3907-2224, OK-3907-2226
Adjustable Precision Wire Strippers These Precision Wire Strippers feature an adjustment dial that allows the operator to select one of six different settings. A calibrated wire stop can then be adjusted for the desired insulation strip length. In a single motion, the operator squeezes and pulls the tool.	**Adjustable Precision Wire Strippers** The OK-3907 Series wire strippers from OK Industries is the industry's leading cut-and-strip tool for copper interconnect applications. Installers and telecom technicians enjoy its construction and comfortable rubber grips, which allows time savings through the cutting of multiple wires.

JIC-1022	Wire Stripper and Cutter	**$7.99**
JIC-1626	Wire Stripper and Cutter (16-26 AWG)	**$7.99**
JIC-2030	Wire Stripper and Cutter (20-30 AWG)	**$7.99**
JIC-375	Fiber Optic Stripper Three Hole	**$21.15**
JIC-175	Ergonomic Fiber Optic Stripper	**$22.10**
JIC-125	Fiber Optic Stripper	**$18.50**

ST-500	Adjustable Precision Strippers (20-30 AWG)	**$39.49**
ST-550	Adjustable Precision Strippers (18-28 AWG)	**$39.49**
ST-450	Adjustable Precision Strippers (26-36 AWG)	**$38.95**
OK-3907-2224	Adjustable Precision Strippers (22-24 AWG)	**$45.00**
OK-3907-2426	Adjustable Precision Strippers (24-26 AWG)	**$45.00**

Wire Strippers

1255	1257	3240	45-514
LC CST-58/59 2- & 3-level adjustable stripper for RG58, RG59, RG62AU & RG6 coaxial cable. Pre-set Strip Lengths: .315" outer jacket, .157" inner dielectric.	**LC CST CATV** 2-level stripper for RG59, RG6 & RG6 Quad coax cables. Pre-set for RG6 CATV "F" connectors. Pre-set Strip Lengths: Outer Jacket = .236".	**CST Vario Stripper** Adjustable-blade coaxial cable stripper for cable diameters of 0.1 - 0.315" (2.5 - 8.0 mm) including RG58, RG59, RG62 & Belden 1505A. Strips outer jacket, shield braid, and inner insulation down to center conductor.	**Cyclops® Data Cable Stripper** Fast, Easy removal of outer sheath insulation. PVC and Plenum types from all Unshielded twisted pair (UTP), Shielded Twisted Pair (STP) and multicore steel and designed to fit comfortably in your hand.

1255	LC CST-58/59	**$19.15**
1257	LC CST CATV	**$15.25**
3240	CST Vario Stripper	**$140.00**
45-514	Cyclops® Data Cable Stripper	**$51.55**

JIC-4473	JIC-4366
Wire Stripper & Cutter The latest development in wire stripping & cutting. Simply place the wire in the stripping slot. Squeeze and pull. - The wire is stripped and cut to the exact length required. - interchangeable blades 22-24 AWG and 24-26 AWG. - A larger "V" opening on the pliers and no tools required for adjustments.	**Cable Sheath Stripper & Ring Tool** The Cable Sheath Stripper and Ring Tool is good for copper cables as well as tight buffer optical fiber cables. Used for butting and stripping cables too large for hand held pliers. Use 1 blade to butt PVC sheathing and use the second blade to strip the sheathing. Adjustable for .018" or .031" thick plastic, rubber or fabric insulation.

JIC-4473	Wire Stripper & Cutter	**$47.85**
JIC-4366	Cable Sheath Stripper & Ring Tool	**$43.50**

Wire Strippers

1117	1161	1163	1113
GripP-Stripper Our newest wire strippers combine ergonomics and versatility! Strip 22-10 AWG wire and cable for the most common types: electrical wire, hook-up wire & multi-conductor cable. Also cuts flat cables.	**Adjustable Jacket Stripper** Perfect tool for cutting jackets from a variety of fiber optic cable. - Adjust blades with a screwdriver for various size cables.	**FiverOptic 5-in-1 Stripper** Multi-functional fiber optic stripper removes outer jacket, buffer only or buffer and acrylate from 2.0-3.0 mm cable.	**Stripax® Pro 6 Stripper/Cutter (28-10 AWG)** The new stripax® Pro 6 and Pro 16 perform powerful stripping of standard and industrial insulations for a wire range of 28-10 AWG and 10-6 AWG.

1117	GripP 10 Wire Stripper/Cutter (24-10 AWG)	**$13.90**
1161	Adjustable Jacket Stripper	**$6.10**
1171	FiverOptic™ 5-in-1 Stripper	**$47.98**
1113	Stripax® Pro 6 Stripper/Cutter (28-10 AWG)	**$89.99**

1115P	1119
Mini-stripax® plus Stripper/Cutter Universal wire stripper and cutter that uses changeable blades to strip PVC and Teflon® insulation. Strips PVC-insulated wire in the range of 28-18 AWG and Teflon-insulated wire in the range of 32-18 AWG.	**Combo UTP/Coax SureStrip® Cutter/Stripper** Professional all-in-one cutter & stripper for both twisted pair & coaxial cables! - Cuts UTP/STP and coaxial cables. - Strips Cat6, Cat5e, Cat5. - Strips RG6, RG6 Quad & RG59. coax cables for 2-level cable TV "F" connectors.

1115P	Mini-stripax® plus Stripper/Cutter	**$96.99**
1119	Combo UTP/Coax SureStrip® Cutter/Stripper	**$27.25**

Wire Strippers

CPT-WEB	CPT	CPT-RGTP	11231-255
Wire Stripper The CPT-WEB is designed to easily strip the outer cable jacket, flatten, and separate the webbed conductors of Siemon's category 5 cross-connect jumper wire and other UTP cable with webbed conductor pairs.	**Wire Stripper** The CPT provides a simple method to remove the outer cable jacket. CPT is recommended for use with round cable with an exterior diameter from 2.54-6.35mm and an outer jacket thickness from 0.380-0.635mm.	**Cable Preparation Tool** AllPrep Cable Preparation Tool prepares both coaxial and twisted pair cable for termination. The coax die strips RG59 and RG6 coax cable and the twisted-pair die strips UTP, ScTP and fiber cables.	**Coax Stripper** The Coax Stripper has a built-in Allen wrench for adjusting the blade to prevent damage to the cable. The Stripper is economical for 2-level and 3-level stripping for RG58/RG59 and 62AU coax cable.

11230-002	44210-013
UTP/STP Cable Stripper Economical, calibratable, tough tool cutter. Adjustable blade depth prevents damage to shield and conductors. "Scores" cable to prevent knicking wire when stripping. A length gauge for repeated cutting/stripping ensure accuracy. Cuts Round cable up to 12 AWG.	**Wire Stripper** This stripper assure quick, effortless stripping of wire/cable insulation without nicking or scratching the conductor. Each stripper is made of durable stainless steel and designed to fit comfortably in your hand

CPT-WEB	Wire Stripper	**$7.50**
CPT	Wire Stripper	**$6.25**
CPT-RGTP	Cable Preparation Tool	**$39.00**
11231-255	Coax Stripper	**$21.00**

11230-002	UTP/STP Cable Stripper	**$26.00**
44210-013	Wire Stripper	**$49.00**

Wire Slitters

1820, 1821	1822	CST-1900
AM25 & AM35 Slitters Get the original tool designed for slitting cable insulation! Strip & slits around cables with PVC, Teflon & THHM Insulations. AM 25 for cables less than 1" & AM 35 for cable sizes 1.0 - 1.4".	**Universal Slitter** Slits and strips round cables with a diameter of 0.18" to 1.40". Quickly removes insulation without nicking conductor. For power and telecommunication cable 500-1200 MCM. Not suitable for XLP insulation.	**Round Cable Stripper** The CST-1900 is designed for fast and precise jacket removal of PVC, rubber, PE and other jacket materials, and works well on round cables with diameters ranging from 3/16" to 1-1/8".

1820	AM25 Slitter	**$46.75**
1821	AM35 Slitter	**$54.25**
1822	Universal Slitter	**$24.45**
CST-1900	Round Cable Stripper	**$47.90**

Scissors

ES-1964	925CS-ERGO	44300-000
Electrician Scissors Made of high carbon steel with a special hardening process for greater durability and nickel plated for that professional look.The Scissors are notched to strip 19 and 23 AWG wire and one blade is serrated.	**Ergonomic Scissors/Snips** The Model No. 925CS-ERGO features one blade with an ergonomically shaped cushioned palm rest. The other blade has the traditional ring bow. Other features include one serrated blade to prevent wire from sliding during cutting, stripping notches for 19 ga. and 23 ga. wire.	**Electrician's D-Snips** The Electrician's D-Snips features all of the capabilities of the Electrician's Snips with a special ergonomic handle that minimizes hand fatigue by enabling you to make cuts with less effort. The D-Snips makes faster, cleaner, and safer cuts.

ES-1964	Electrician Scissors	**$9.99**
925CS-ERGO	Ergonomic Scissors/Snips	**$18.00**
44300-000	Electrician's D-Snips	**$23.00**

Hand Wire Wrapping/Unwrapping Tools

Wire Wrapping/Unwrapping Tool
This two sided wire wrapping and unwrapping tool is intended to be two tools in one. It is designed to produce perfect wire wrapping connections. To switch from wire wrapping to unwrapping takes only seconds. Just a quick change of the cap from one end to the other.

HW-UW-224 Wire Wrapping/Unwrapping Tool (22-24 AWG) **$69.85**

Hand Wrap & Unwrap Tool
These wire wrapping tools do the job of two. These two sided tools allow for quick change of wrapping to unwrapping and back, while the unused side serves as a handle. 6" long.

WDUD-2000	Hand Wrap & Unwrap Tool (20 AWG)	**$64.00**
WDUD-2224	Hand Wrap & Unwrap Tool (22-24 AWG)	**$64.00**
WDUD-2600	Hand Wrap & Unwrap Tool (26 AWG)	**$75.50**
WDUD-3000	Hand Wrap & Unwrap Tool (30 AWG)	**$75.50**

DSL Insulated Wrap and Unwrap Tool
Specifically designed for DSL connections. The wrapping side is designed for 24-26 AWG wire, and the unwrap side is designed for 20-26 AWG wire. Comes with an insulated handle for dielectric protection.

WDUD-26DS DSL Insulated Wrap and Unwrap Tool **$64.00**

Sleeved Unwrapping Tool
This versatile unwrapping tool with a funnel-shaped spring loaded sleeve. This is a single ended insulated tool with a yellow plastic handle used for 20-26 AWG. 5 1/2" long.

UD-2224 Sleeved Unwrapping Tool **$22.70**

Hand Wire Unwrapping Tool
This wire unwrapping tool is used to remove wire connections made with 20 thru 26 gauge wire.

UW4 Unwrapping Tool 20-26 AWG **$30.00**

Hand Wrap Tool
This manual wire wrapping tool allows you to make uniform, gas-tight solderless wrapped connections with 22 and 24 gauge wire. Red handle. 5" long.

JIC-22681 Hand Wrap Tool **$16.45**

Wire Wrapping Kits

Insulated Wire Wrapping Kit
This is a Wire Wrapping complete tool kit for technicians working at a Main Distributing Frame where wire wrapping is required.

Includes:
- Wire wrapping bit 22-24 AWG
- Wire Wrapping Sleeve
- Long Nose Pliers
- Probe Pick
- Sleeved Unwrapping Tool
- Insulated Wire Loop Puller

WWK-CO Insulated Wire Wrapping Kit **$325.00**

Wire Wrapping Kit
Complete and unique wire wrapping kit for working at a main distributing frame or for field service use.

Includes:
- Wire Wrapping Tool
- Wire Wrapping Bit 22-24 AWG
- Wire Wrapping Sleeve 22-24 AWG
- Wrap/unwrap tool
- wire stripper 22-24 AWG

WWK-1 Wire Wrapping Kit **$315.00**

5-Piece Wire Wrapping Tool
Telecom wire wrapping kit used by technicians working at a main distribution frame

Includes:
- Wire Stripper & Cutter
- 3" Long Wire Wrapping Bit & Sleeve
- Hand Wrap & Unwrap Tool

TK-WW5 5-Piece Wire Wrapping Tool **$244.95**

Insulated Wire Wrapping Kit
For working at a main distributing frame or for field service use.

Kit Contains:
- Insulated Wire Wrapping Tool
- Wire Wrapping Bit 22-24 AWG
- Insulated Wire Wrapping Sleeve 22-24 AWG
- Sleeved unwrapping tool 20-26 AWG
- Wire stripper 22-24 AWG

WWK-1INS Insulated Wire Wrapping Kit **$325.00**

Battery & Electric Powered Wire Wrapping/Unwrapping Tool

PTX Series Electric & Battery Powered Wire Wrapping/Unwrapping Guns
This wire wrapping tool has a maximum usage rating of 2,500 cycles/day, will wrap 18 to 30 AWG wire. Available in both battery & electric models.

Kit Includes:
- PTX Battery Wrap/Unwrap Tool
- PTX-BC1 Charger
- PTX-B 2 Batteries
- DFB224 Dual Function Wrapping/Unwrapping Bit/Sleeve Set, 22-24 awg

PTX-KIT1DH	PTX Battery Powered Wire Wrapping Tool	**$395.00**
PTX-KIT1	115V Battery Tool Kit (Tool, Charger, 2 Batteries)	**$319.00**
PTX-1	Electric Wrap/Unwrap Tool - 115V	**$235.00**
PTX-1BF	Electric Wrap/Unwrap Tool w/Backforce - 115V	**$240.00**

Bits & Sleeves for Wire Wrapping

- Fully compatible with any make/model wire wrap tool.
- 3" bits & sleeves. Call for other sizes

AWG	Bit Part #	Sleeve Part #	Price
22-24	KB224		$39.65

Wire Wrap Guns

G100/R3278INS	G100/R3278FL	G200/R3278	G100/R3278

OK Industries line provides up to 10 revolutions per squeeze of the trigger. Accommodates wire sizes from 18 AWG-32 AWG using our full range of interchangeable wrapping bits and sleeves.

G100/R3278INS	Insulated Wire Wrap Gun	**$125.00**
G100/R3278FL	Insulated Wire Wrap Gun w/ Flashlight	**$130.00**
G200/R3278	Lexan Wire Wrap Gun	**$95.00**
G100/R3278	Aluminum Wire Wrap Gun	**$112.50**

Wrap/Unwrap Bit/Sleeve Set

This patented product represents a truly revolutionary approach to wire wrapping, by combining the wire wrapping and the wire unwrapping functions into one bit/sleeve set.

The bit is precision machined for high quality wire wrapping in the clockwise direction, but also includes the removal mechanism that is used to unwrap when operated counter-clockwise. The user can easily switch back and forth between wrap and unwrap mode by retracting or extending the retractable sleeve, and flipping the switch on a PTX Wire Wrapping Power Tool. To prevent pin-to-pin shorting, the retractable wire wrapping sleeve is coated with a durable 1000V dielectric material.

DFB224 Wrap/Unwrap Bit/Sleeve Set **$95.99**

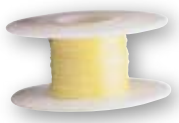
Wire Wrap Guns

WG-350INS	WG-350	WG-350L

The Jonard line provides up to 10 revolutions per squeeze of the trigger, and accommodates wire sizes from 18-32 AWG. All wire guns are used for the electronics and telecommunication industries.

WG-350INS	Insulated Wire Wrap Gun	**$105.00**
WG-350	Aluminum Wire Wrap Gun	**$95.00**
WG-350L	Lexan Wire Wrap Gun	**$75.00**

Kynar Insulated Silver Plated Wire



Ideally suited for many applications including production line work and wire wrapping. This wire is OFHC & provides a flexible yet abrasion resistant wire. The 24-28 AWG wire is UL 1422 and the 30 AWG wire is 1423. Wire is copper with 105°C maximum insulation temperature. **Available in Blue, Yellow, White, Black, & Red**

**KSW for cut/strip/wrap applications. Low strip force wire is further processed for a low strip force for use with CSW bits and sleeves*

Pro-Tool Kits

All the professional tools you need to cut, strip, clean and connect network phone and data lines to blocks and jacks. Bundled together in our sleek form-fitting PVC Dur-A-GripTM Tool Pouch holds your tools securely inside, even upside down. Six tool kits combinations to choose from to meet a multitude of applications.

- All kits include ergonomically designed Dur-a-Grip pouch for convenient tool storage on belt
- D914™ and D814™ industry standard punchdown tools make for solid terminations
- Easy to use cable stripper quickly rings and slits many types of cable
- Cut and strip wire cleaner and faster with the Electricians' D-Snips
- Six tool kits combinations available for a multitude of applications

IS60 Pro-Tool Kit: D914S Impact Tool, Electrician's D-Snips, Cable Stripper, Mini Maglite, & Dur-a-Grip Pouch

IS50 Pro-Tool Kit: D914S Impact Tool, Electrician's D-Snips, Cable Stripper, EverSharp 66/110 Cut Blade, and Dur-A-Grip Pouch

IS40 Pro-Tool Kit: D814 Impact Tool, Electrician's D-Snips, Cable Stripper, EverSharp 66/110 Cut Blade, Probe Pic, and Dur-A-Grip Pouch

11291-000	IS40 Pro-Tool Kit	**$141.00**

Krone Punchdown Tool

The Versatile Krone Tool the only one you need. The Krone Tool terminates and trims wires with one punch. It's the only tool you'll need to add, Change or remove Krone connections.

6417-2055-01 Krone Punchdown Tool **$70.00**

ProPunch 110 Multi-pair Punchdown Tool

- Smooth operation
- Comfortable, rugged handle absorbs punch recoil
- Cut and punch blade cassette or switch blades for punch only
- Terminates 28-22 AWG (.08-.34 mm²) solid or stranded wires with single insulation
- Delivers more than 1.5 times the force of other multi-punchdown tools on the market using less hand force
- Terminates in a single punch - including 23 AWG Cat6 cable
- Performs in excess of 30,000 cycle punches

3560	ProPunch 110 5 Pair Punchdown Tool	**$18.25**
3561	ProPunch 110 4 Pair Punchdown Tool	**$18.25**

D-Impactor 5-Pair Impact Tool

The D-Impactor™ 5-pair impact tool allows technicians to simultaneously cut and terminate five copper pairs on a 110 block. This rugged, easy-to-use tool saves time and reduces hand stress by cutting down on the total number of manual terminations, and combining the cut and no-cut blades into a single unit allows users to reverse cutting blades at record speeds. Fewer moving parts and the patented blades guarantee optimal performance for the life of the tool.

10059-000 D-Impactor 5-Pair Impact Tool **$182.00**

C5 Tool

The 5-pair termination tool is a versatile impact tool designed to terminate and cut UTP cable, and seat connecting blocks. The impact mechanism and termination blades have been designed to reliably terminate and cut UTP cable the first time, every time. Features an easy to hold, ergonomically designed handle that helps reduce fatigue when trimming wire or seating connection blocks to the wiring base.

S788J5 C5 Tool **$265.00**

EZ-RJ45 Connectors

The EZ-RJ45 connectors, simplify twisted pair terminations by allowing the wire to be inserted through the connector and out the front. This allows the technician to easily verify the proper order. Electrical performance of the termination is optimized by pulling the connector down over the cable jacket & seating tightly in the rear of the connector. It also guarantees that the wires will be properly flush to the front of the connector.

202003J	EZ-RJ45® Connectors, Jar of 100	**$62.00**
202035J	Strain relief for EZ-RJ45® Cat. 5e connectors, Jar of 100	**$24.00**
202010J	EZ-RJ45® Cat 6+ connectors, Jar of 100	**$70.00**
202036J	Strain Relief EZ-RJ45® Cat 6+ connectors & shielded Cat 5e connector, Jar of 100	**$24.00**

EZ-RJPRO™ HD Crimp Tool

The new EZ-RJPRO™ HD Crimp Tool is designed for the professional installer providing a ratcheted, high leverage, ultra stable platform for consistent, repeatable terminations. This heavy duty tool is the perfect solution when working with high performance, larger OD cables that are tougher to terminate due to larger wire gauges, thicker, harder insulation on the conductors and pair separating splices. Not only will you overcome these connectivity obstacles but you can be assured that every termination will meet FCC specifications. Compatible with all EZ-RJ45® and EZ-RJ12/11 connectors as well as all standard modular plugs, except AMP.

100054C	EZ-RJPRO™ HD Crimp Tool	**$86.95**

Telemaster Kits

33-750 **33-704**

33-750:
- Basic termination kit for 10Base-T
- Includes, UTP/Coax Stripper, Telemaster RJ-11/RJ-45 Tool, (50) 8-Position RJ-45 Non-Keyed Solid Plugs
- Durable hard case

33-704:
- Basic kit with multifunctional telephone tool to cut, strip, and crimp
- Kit includes, Telemaster™ for RJ-11/RJ-45 Plugs, (15) 4-Position, RJ-11 Stranded Modular Plugs, (15) 6-Position, RJ-11 Stranded Modular Plugs, (15) 8-Position, RJ-45 Stranded Modular Plugs

Keyhole Saw
- Blade & handle design provides max. strength.
- Hardened blade with clog free teeth.
- Pointed tip punches thru drywall.
- Blade cuts on both push/pull strokes.
- Ergonomic handle with non-slip grip.

301A Keyhole Saw **$8.30**

Retractable Saw Set
- 6" blade retracts in the handle.
- Quick change blade adds versatility.
- Accepts most 6" saw blades.
- Blades cut on both push/pull.

311 Retractable Saw Set **$10.95**

Electrician's Jab Saw
- Includes replaceable bi-metal wallboard blade
- Hold all reciprocating & hacksaw blades.
- Ergonomic grip.

35-275	Electrician's Jab Saw	**$17.75**
36-088	Bi-Metal Wallboard Blade	**$4.20**

Levels

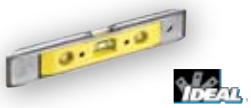
Electrician's Torpedo Level
- 4 open vial ports for viewing.
- Perfect for pipe & conduit work.
- 4 earth magnets allow hands-free use on metal surfaces.

Mini Magnetic Bubble Level
- Mini torpedo design with handy "no-dog" attachment for bending.
- 3 earth magnets provide superior holding strength.

Mini-Magnet Laser Level
- Laser can work on all planes.
- 3 earth magnets provide superior holding strength.

L107	Electrician's Torpedo Level	**$37.25**
L77	Mini Magnetic Bubble Level	**$34.91**
L97	Mini Magnet Laser Level	**$88.30**

Measuring Wheel



Torpedo Level 9"
- 9" aluminum frame with magnetic & v-grooved edges.
- White windows provide easy reading of plumb level & 45° mitre.

Measuring Wheels
- MW38: Large wheel ideal for uneven terrain.
- MW18: Ideal for real estate or homeowners. Fits into a briefcase

35-205	Torpedo Level 9"	**$16.85**
MW38	Contractor Measuring Wheel, Feet/Inches in 8ths	**$98.00**
MW18	Executive Measuring Wheel, Feet/Inches in 8ths	**$50.00**

Knives

Cable Knife
- Short blade (1.75") for strength.
- Cutlery-steel blade for durability.
- No-slip, easy-to-grip handle.
- Cuts various insulation types.

Cable Splicing Knife
The tough cutlery steel blade is extremely sharp & cuts easily through many types on insulation.

Cable Splicing Knife
The KN-7 is an ergonomically designed knife for easy to grip feel. Cutlery-steel blade is sharp & cuts thru many insulation types.

44400-000	Cable Knife	**$19.00**
KN-6	Cable Splicing Knife	**$7.75**
KN-7	Ergonomic Cable Splicing Knife	**$8.50**

Comfort Grip Utility Knife
- Retractable knife w/11 positions.
- Quick change blade release.
- Blade storage can hold 3 blades
- Comfort grip for ease of use.

Folding Utility Knife
- Blade safely folds into the handle.
- Quick-change for fast replacement.
- Blade lock adds safely when open
- Rust free steel design for durability.

WK500V	Quick Change Comfort Grip Utility Knife	**$11.92**
WKFQ4R	Folding Utility Knife with Quick Change	**$15.76**

Utility Knife with Blades
- Retractable 3-position blade for safety & convenience.
- Blade storage in pop-up holder.
- Packaged with 3 serrated blades.

Folding Utility Knife
- Quick-change retractable blade system
- No disassembly required
- Built-in pull-line cutter.

Connector Crimping Pliers

Crimping Pliers & Side Cutter
- A special stop behind cut out prevents damage to connectors.

Telecom Long Nose Pliers
- Side cutting blades, a crushing slot, & a thin knurled nose to facilitate handling of wire.

Need-L-Lock's
- 4-in-1 tool combines connector crimper with needle-nose pliers so you can carry one less tool.

JIC-891	Connector-Crimper Pliers with Side Cutter	**$14.25**
JIC-21257	Telecom Long Nose Pliers	**$21.45**
11294000	Need-L-Lock Crimping Pliers	**$16.00**

UR/UR2, UY, UY2, UG Connectors

Each of the pliers to your left are capable of crimping these connectors. Shipped in boxes of 100.

Part #	Features	AWG	
UR	Gel-Filled Polycarbonate	19-26	**$13.25**
UR2	Gel-Filled Polycarbonate RUS Listed	19-26	**$11.75**

Surge Multitool

LEATHERMAN

Surge "Awarded Best of the Test by Field & Stream magazine " is a multi-tool built with tough new pliers, longer blades and easy to use locks. A unique blade exchange comes with saw and diamond wood file blades. Large and small bit drivers include double ended bits. And 4 outside opening blades give you quick access to the tools you use most. With these new features, plus the strongest scissors yet, Surge is sure to make a splash at the work site.

- Leather Sheath Included
- Protected by a 25-Year Warranty

Features:

- Needlenose Pliers
- Regular Pliers
- Wire Cutters
- Hand Wire Cutters
- Stranded Wire Cutters
- Electrical Crimper
- Clip point Knife
- Serrated Knife
- Blade ex-changer
- Scissors
- Large Bit Driver
- Small Bit Driver
- 5/16" ScrewDriver
- Awl with Thread Loop
- Ruler (9 in. / 22 cm)
- Bottle / Can Opener
- Wire Stripper
- Lanyard Ring

Charge TTi Multitool

The Charge AL and ALX were just too hard to beat, so we didn't even try, we simply combine them. The Charge TTi features a cutting hook, scissors, bit drivers, crimpers and more. But we had to give the TTi its own claim to fame. That's where the handles and the S30V steel clip point knife come in. Grab a hold of one today and you'll quickly see why the Charge models are the best of our Multi Tools.

- Titanium Handles
- Needle nose Pliers
- Regular Pliers
- Wire Cutters
- Hand Wire Cutters
- Crimper
- S30V Clip point Knife
- Serrated Knife
- Cutting Hook
- Saw
- Wood / Metal File
- Diamond-coated File
- Scissors
- Large Bit Driver
- Small Bit Driver
- Larger Screw driver
- Ruler (8 in. / 19 cm)
- Bottle / Can Opener
- Wire Stripper
- 8 Double-ended bits
- Fixed Lanyard Ring
- Quick-release Lanyard Ring
- Pocket Clip (add on)

830682 Charge TTI Multitool **$129.85**

PowerBlade Multi Purpose Knife

12 Tools-in-One! Electrician's knife and 11 separate strippers for wire and cable. Features patent pending wire and cable stripping system.

- SOG® Beveled-Edge Knife
- Thumb Stud for One-Handed Opening
- Liner Lock Blade Release
- Comfort Grips
- .150" - .250" Cable Strippers
- 22-10 AWG Wire Strippers
- UTP Stripper
- Limited Lifetime Warranty
- Cryogenic Heat Treated Blade Increases Strength to Enable Longer Sharpness and Chip Resistance
- Manufactured from AUS 8 Stainless Steel
- Lightweight Tool Handle Made from Military Grade Zytel Plastic
- Liner Lock Blade Release System Keeps Knife Securely Locked While In-Use Position for Added Safety

Hole Saws and Kits

Can Light Hole Saw

- *Competitively priced*
- *Drill not included*

- Cuts drywall & ceiling tile.
- Self-Sharpening carbide coating blade.
- Includes 2 shields to minimize cleaning.

35-598 Can Hole Saw 2 1/2"-7" **$33.20**
35-599 Can Hole Saw 6 1/4"-10 3/8" **$27.85**

Electrician's Step Bit Kit

- Durable case securely protects bits.

- **Kit includes four step bits:** (35-511, 35-513, 35-515, & 35-517)
- Solutions for sizes between: 1/8" & 1 3/8".

35-520 Electrician's Step Bit Kit **$162.35**

Electrician's Hole Saw Kit

- Generous 14-piece kit offers a tremendous selection.
- Contains electrical sizes for pipe and conduit through 4".
- Plastic case survives extra wear & tear.

35-401 Includes:
Hole Saw Sizes:
7/8", 1 1/8", 1 3/8", 1 3/4", 2", 2 1/2", 3", 3 5/8", 4 1/8", 4 1/2"
Arbor Models:
35-391, 35-394, 35-393

35-400 Includes:
Hole Saw Sizes:
7/8", 1 1/8", 1 3/8", 1 3/4", 2", 2 1/2"
Arbor Models:
35-391, 35-393

35-401 Master Electrician's Hole Saw Kit **$200.55**
35-400 Electrician's Hole Saw Kit **$94.25**

Electrician's Pivoting Drill/Driver

This screwdriver can be used to drive a wide variety of screws and to drill small diameter holes. To fit a variety of situations, it can be used as a straight tool or as a pistol style tool. It has 21 clutch stages to precisely provide the right torque for almost any screw, and when the clutch setting is reached, the tool automatically shuts off to save battery and clutch life.

- 2 speed reversible: Low: 200 rpm - High: 600 rpm
- Clutch torque: 2.7 to 25.7 in-lb 21 stages
- Charging time: Usable: 15 minutes - Full: 30 minutes
- Max drill diameter: In metal 13/64"
- Max screw driving: Wood screws 5/32" dia x 1-1/2"
- Powerful maximum torque: 39 in-lb - 13.3 in-lb
- Anti-slip rubber grip to maintain a better grip

Includes:
- 3.6V Drill/Driver
- (2) 3.6V Lithium-Ion Compact Batteries
- 3.6V Battery Charger

LSD-36 Li-Ion Electrician's Pivoting Drill/Driver **$179.00**

Metal Cutting Circular Saw

The Greenlee circular saw is designed primarily to cut metal-almost any metal. This includes conduit, strut, and threaded rod. Plus the blade doesn't leave burrs, so chasing threads or filing the edges isn't needed. The full surround blade guard contains most of the chips, and with its compact size, it will work where larger saws can't. It even has a LED work light so you can make straight cuts in dark locations

- High capacity battery: 14.4V Li-Ion
- Rotating speed: 3,600 rpm
- Blade size: Outer dia 5-3/8" - Arbor size: 20mm
- Adjustable cutting depth up to 1-13/16"
- Charging time: Usable: 35 minutes - Full: 50 minutes
- Shaft lock for easy blade replacement
- Electronic performance monitoring system
- Electric brake stops the blade instantaneously

Includes:
- 14.4V Cutting Circular Saw w/LCS-M13C Metal Blade
- 14.4V Lithium Compact Batteries
- 14.4V-28.8V Battery Charger
- Carrying Case

LCS-144 Electrician's Metal Cutting Circular Saw **$435.00**

1/2" Li-Ion Electrician's Drill/Driver

GREENLEE

This drill/driver is easy to carry around & easy to fit into tight spaces. Yet, with its 14.4V Li-Ion battery, it has enough power to drive Greenlee's top performing Self-Feeding Spade bits, up to 42 holes in 1-1/12" wood w/ 7/8" bit. It can be set to drive about any screw properly.

- High Power: 390 in-lb
- Variable speed/reversible: 60-400rpm - 200-1350rpm
- Clutch torque: 4.4 to 39.0 in-lb, 18 stages
- 1/2" Heavy-duty keyless chuck
- Charging time: Usable 35 minutes - Full: 50 minute
- Electronic trigger provides longer life
- Electronic performance monitoring system

Includes:
- 14.4V Drill/Driver
- (2) 14.4V Lithium-Ion Compact Batteries
- 14.4V-28.8V Battery Charger

Additional products included with combo kit:
- LCS-144 Metal Cutting Circular Saw
- Heavy-Duty Multi-Pocket Bag

LDD-144	1/2" Li-Ion Electrician's Drill/Driver with belt hook	**$295.00**
LDS-144	Combo Kit	**$539.00**

1/2" Li-Ion Electrician's Drill/Driver

This drill/driver is a rugged workhorse of day after day heavy-duty drilling, yet at 5.4 pounds it is one of the lightest drills in its class. The high capacity 21.6V LI-ION battery delivers plenty of power to drill up to 139 holes 3/4" diameter in 1-1/2" wood. Features an 18 stage clutch so you can drive screws to the right torque.

- High Power: 575in-lb
- Variable speed/reversible: 100-400rpm - 350-1500 rpm
- Clutch torque: 8.8 to 61 in-lb, 18 stages
- 1/2" Heavy-duty keyless chuck
- Charging time: Usable: 45 minutes - Full: 60 minutes
- Electronic trigger provides longer life
- 360º side handle for better leverage

Includes:
- 21.6V Drill/Driver
- (2) 21.6v Lithium-Ion Compact Batteries
- 14.4V - 28.8V Battery Charger
- Carrying Case

LDD-216	1/2" Li-Ion Electrician's Drill/Driver	**$395.00**
LHD-216	1/2" Li-Ion Electrician's Hammer Drill/Driver	**$427.95**

1/2" Rotary Hammer Drill/Driver

With this one tool, you can do a complete concrete anchor installation. In the hammer mode, you can use a SDS masonry bit to drill the anchor hole. Then you can chance to the drilling mode and use the included bit adapter to drive the screw into the anchor. Plus the LRH-144 had 5 clutch settings so you can use just the right amount of torque for the screw. The 14.4V Li-Ion battery provides plenty of power to drill up to 12 holes of 1/2" diameter x 1-1/2" deep in concrete.

- High capacity battery: 14.4V Li-Ion
- Hammering Force: 21.6 kN
- Blow rate per minute: 0-3,800 bpm
- Speed at no-load: 01,000 rpm
- Clutch torque: 13 to 48.7 in-lb
- 3/4" SDS-plus bit system
- Ergonomic soft rubber grip for stress reduction
- Electronic performance monitoring system
- Charging time: Usable: 35 minutes - Full: 50 minutes

Includes:
- 14.4V Rotary Hammer Drill/Driver
- (2) 14.4V Lithium-Ion Compact Batteries
- 14.4V-28.8V Battery Charger
- Carrying Case
- Shoulder Strap
- Bit Adapter

LRH-144	Electrician's 1/2" SDS-plus Rotary Hammer Drill/Driver	**$530.00**

3/4" SDS-plus Rotary Hammer

This is one tough rotary hammer. With its magnesium gear case housing that provides excellent heat dispersal and its cooling fan diameter holes in concrete continuously. Also, the large cooling fan provides enough air flow to prevent tool-killing dust buildup, and the two-finger trigger is sealed to prevent dust entry. Use the Soft hammer selection for holes up to 3/16" diameter and the hard hammer selection for holes from 3/16" through 3/4" diameter.

- High capacity battery: 28.8V Li-ion
- Hammering force: 5,300 lbF
- Two speed hammering selection: High: 0-4,500 bpm
- Low: 0-2,800 bpm
- Variable speed/reversible: 0-920rpm - 0-500rpm
- 1" SDS-plus bit system
- Electronic performance monitoring system
- Charging time: Usable: 55 minutes - Full: 70 minutes.
- Dust-proof switch ensures long life

Includes:
- 28.8V Rotary Hammer
- (2) 28.8V Lithium-Ion Compact Batteries
- 14.4V-28.8V Battery Charger
- Carrying Case
- Shoulder Strap

LRH-288	Electrician's 3/4" SDS-plus Rotary Hammer	**$775.00**

PROVL
LITHIUM-ION POWER TOOLS

The Right Tool for the Job.
The Right Battery for the Tool

Electrician trusted for nearly 150 years, Greenlee is proud to introduce its new line of top-performing Lithium-Ion power tools. Professional, versatile and lightweight, these tools are the perfect companion to our industry leading holemaking and power tool accessory products. With this winning combination you will achieve optimum performance on the job, day in and day out.

When it comes to making holes on the jobsite, electrical contractors reach for Greenlee's power tool accessories to get the job done – whether it be our Nail Eater® Auger Bits, Drill/Tap Bits, Kwik Stepper® Bits, Spade Bits, D'Versibit® System or our QuickChange Hole Saws.

Now you can get optimum performance from our already highly-reputable holemaking and power tool accessories with Greenlee's new line of battery power tools. These power tools are compact, lightweight and cordless, yet powerful, heavy-duty and ergonomically-designed for working in tight spaces like panel boxes.

Our power tools are powered by second-generation Cobalt Lithium-Ion batteries, which provide lower internal resistance than traditional Lithium-Ion batteries and store more amp hours than most of the competitors' batteries – meaning more work can be done with one charge.

So now is the time to get your hands on Greenlee! Choose from our 3.6V screwdriver; 14.4V drill/driver, circular saw or rotary hammer drill/driver; 21.6V drill/driver and hammer drill/driver; or the very strong 28.8V heavy-duty rotary hammer. Each tool is powered with the proper voltage to meet the tool's requirements, which gives electrical contractors the right amount of power and flexibility for just about any jobsite application.
